**Acknowledgement**

I express my deep gratitude to Dr. G. Archana for her invaluable guidance, constructive criticism and encouragement throughout the course of this work. My association with her impressed upon me that a great deal can be achieved by dedicated perseverance. She has moulded my scientific career and shaped my research personality. I am both blessed and honored to have worked under her guidance. Thank you very much Madam.

It is my great pleasure to acknowledge my host supervisor and eminent scientist Prof. Ji-Zheng He, Research Centre for Eco-Environmental Sciences (RCEES), Beijing, PR China, for his invaluable guidance and personal care during the course of my TWAS-CAS fellowship in Beijing, PR China. Simple thanks to him is really inadequate.

I thankfully acknowledge The Academy of Sciences for the Developing world (TWAS), Trieste, Italy and Chinese Academy of Science (CAS), Beijing, PR China for providing me TWAS-CAS postgraduate fellowship for the year 2010.

I thankfully acknowledge Science of Shallow Sub-Surface (SSS) programme, Department of Science and Technology (DST), New Delhi, India for proving me Junior Research Fellowship and Senior Research Fellowships.

I express my deeps sense of gratitude to Prof. T. Bagchi (Head of the Microbiology Department) and to former Head Prof. Anjana Desai for providing me excellent research facilities in the department.

It also gives me enormous pleasure to thank Prof. L.S. Chamyal, Head, Department of Geology for his valuable help in site selection, sample collection and data discussions. His motivation and constant encouragement in different ways made me interest in geomicrobiological aspects.

While conducting research I have had privilege of receiving valuable information and advices from all the teachers of this Department. I thank them all. My special thanks to Dr. Pranav Vyas, Dr. A.S. Nerukar, Dr. Sanjay Ingle and Dr. Nandita Baxi for their valuable suggestion and readily extended help.
I am extremely thankful to Dr. Anupam Sharma, Department of Environmental Sciences, Central University of Himachal Pradesh for providing me geochemical data of exposed 28 m section at Rayka.

I thank Dr. Deepak Maurya and Dr. Nilesh Bhatt, Department of Geology for their kind assistance in various geological field trips and motivation sessions.

I acknowledge Dr. George Mathew, Department of Earth Science, Indian institute of technology (IIT)-Bombay, for permitting me to use Scanning Electron Microscopy (SEM) and X-ray Diffraction (XRD) facilities.

I am thankful to Prof. N. J. Pawar, Department of Geology, University of Pune for permitting me to do X-ray Fluorescence (XRF) and Atomic Absorption Spectroscopy (AAS) studies.

I express my sincere thanks to Dr. Navin Juyal, Physical Research Laboratory (PRL), Ahmedabad for providing me lithologs and geomorphological data of Mahi River basin.

I extend my thanks to Prof. Naresh Kumar, Head, Department of Biochemistry for his kind approach and encouragement to complete this study successfully.

I acknowledge Dr. Alpa and Dr. Rachana, Department of Geology for their valuable discussions on Mahi River basin.

My special thanks to my GFL lab-mates Dr. Kuldeep, Dr. Ketan Patel, Dr. Ariff Khan, Mr. Sumanth, Mrs. Radhika, Ms. Sanjukta, Ms. Ruchi Bhate, Ms. Janki and Mr. Jigar, Dr. Rakesh (PDF fellow) for their support whenever required.

I thank Dr. Ruchi Mr, Murali (bhai), Dr. Nandan, Dr. Anil, Dr. Aparna, Dr. Priya, and Mr. Darshan, Mr. Jagat, Dr. Vimal and Mr. Anoop, Dr. Harish, Mrs. Krushi who extended warm friendship and helped throughout the tenure of this investigation. My special thanks to Dr. Ruchi and Mr. Murali (bhai) and Mr. Anoop for their untiring help and expertise extended in preparation of this thesis.

I thank all the research scholars of the Microbiology Department, MS University of Baroda, India and Department of Soil Environmental Science, RCEES, PR China who have toiled with me through the turbulent period of research.
I would fail my duties if I don’t think about Dr. Limei Zhnag, Dr. Shen JP, Dr. Liu Yurong, RCEES, PR China for helping me in cloning and q-PCR aspects of amoA gene.

I would thank GFL dissertation students for creating an enthusiastic wonderful working environment.

I thank Mr. Shirish Nagarkar for his elderly affection and constant support during my stay in Baroda. He also helped me in all official office work matters during the course of PhD.

I acknowledge the non teaching staff of the department specially Aparna Madam, Thomas madam, Seema madam, Mandvekar bhai, Praveen bhai, Varghese bhai, Nitesh bhai who willingly extended their help whenever I need.

I thank hostel friends specially Naveen (Mahesh babu), Shyam (chintu), Reddy, Santosh Bhai (Mr. Biharai), Sahoo, Pandit (chai), Narayan, Samudra and my Dearest Murali bhai (great saint) for their love and affection.

This thesis could not have been prepared without the extensive help and personal care of my fiancée YAPPY and her family.

I am dedicating this thesis to my beloved parents and my dearest sister.

(Gangavarapu Subrahmanyam)
