

TABLE OF CONTENTS

Chapter No	Titles	Page No
1	INTRODUCTION	1
1.1	Introduction of coordination chemistry	1
1.2	Bio-inorganic chemistry	2
1.3	Choice of Ligands	3
1.4	Biological importance of Transition metal ions	5
1.5	Antimicrobial activity of metal complexes	11
1.6	Structure, function and binding mode of nucleic acids	17
1.7	Literature Review of pyrazolone derivatives	18
1.8	Scope of the present work	21
1.9	References	24
2	GENERAL EXPERIMENTAL METHODS AND TECHNIQUES	33
2.1	Introduction	33
2.2	Materials employed	33
2.3	Purification of solvents	34
2.4	Physical and chemical methods of characterization (CHNS(O), XRD, SEM, FE-SEM, ¹ HNMR, ¹³ CNMR, FTIR, UV-VIS, PL, ESR, CV and Antimicrobial activity)	34
2.5	DNA interaction	38
2.6	Conclusion	40
2.7	References	41
3	SYNTHESIS, CHARACTERIZATION, DNA INTERACTION AND STATISTICAL ANALYSIS OF BIOCIDAL INVESTIGATION OF SCHIFF BASE METAL COMPLEXES DERIVED FROM SALICYLIDENE-4-IMINOANTIPYRINE AND 2-AMINOTHIAZOLE	43
3.1	Introduction	43
3.2	Experimental	44
3.3	Results and discussion	46
3.4	Conclusion	75
3.5	References	76
4	BIOLOGICAL SCREENING STUDIES OF DNA RELATE METAL COMPLEXES FROM BENZALIDENE-4-IMINO-2,3-DIMETHYL-1-PHENYL-3-PYRAZOLIN-5-ONE AND 2-AMINOTHIAZOLE	80
4.1	Introduction	80

4.2	Experimental	81
4.3	Results and discussion	83
4.4	Conclusion	102
4.5	References	103
5	SYNTHESIS, CHARACTERIZATION, ANTIMICROBIAL AND ANTICANCER ACTIVITIES OF 14-MEMBERED FULLY CONJUGATED MACROCYCLIC SCHIFF BASE METAL COMPLEXES FROM BENZYLIDENE-CURCUMINYL-4-IMINOANTIPYRINE AND 2,6-DIAMINO PYRIDINE	107
5.1	Introduction	107
5.2	Experimental	108
5.3	Results and discussion	113
5.4	Conclusion	128
5.5	References	129
6	DNA INTERACTION AND IN VITRO MICROBIAL STUDIES OF SOME FIRST ROW TRANSITION METAL COMPLEXES FROM SALICYLIDENE-4-IMINO-2,3-DIMETHYL-1-PHENYL-3-PYRAZOLIN-5-ONE AND HISTIDINE	133
6.1	Introduction	133
6.2	Experimental	133
6.3	Results and discussion	135
6.4	Conclusion	153
6.5	References	155
7	SYNTHESIS, CHARACTERIZATION AND ANTIMICROBIAL STUDIES ON SCHIFF BASE TRANSITION METAL COMPLEXES DERIVED FROM BENZIL, 4-NITROANILINE AND 2, 2'-BIPYRIDYL	159
7.1	Introduction	159
7.2	Experimental procedures	159
7.3	Result and discussion	161
7.4	Conclusion	174
7.5	References	174
	SUMMARY AND CONCLUSION	178
	ANNEXURE	
(i)	List of Paper publications in Journals	185
(ii)	List of Paper publications in Proceedings of book	187
(iii)	List of Paper presented in Conferences/Seminars/Workshop	189
