ACKNOWLEDGEMENT

“Research is to see what everybody else has seen and to think what nobody else has thought”
~ Albert Szent Gyorgyi~

First and foremost, I would like to express my immense pleasure and deepest gratitude to my esteemed guide Dr. (Mrs.) Neelima Singh, Professor & Head Department of Biochemistry, Gajra Raja Medical College Gwalior, for her eternal inspiration, expert guidance, scrupulous counseling, methodological working and acute sense of observation in routine work, saintly patience and above all motherly love. Without her keen interest, versatile guidance, pragmatic suggestions and incessant inspiration, it would not have been possible to carry out this stupendous work. With high esteems and profound regards, I take the privilege to acknowledge my sincere gratitude to her for carving another milestone in my academic journey.

Each of us is a reflection not only of our knowledge and experience, but the influence, work and thought processes of others. Knowing for his impressive personality, I thank with deep gratitude to my co-guide Dr. Arun Raizada (Senior consultant & Head Department of Biochemistry, Medanta-The Medicity Gurgaon), for sincere & enthusiastic support and encouragement, in carrying out my research work. His dignified presence has always been a great source of inspiration to me.

My humble thanks to Dr. S.N. Iyengar, Dean, G.R. Medical College, Gwalior for his kind permission to undertake this work in Biochemistry Department, G.R. Medical College, Gwalior.
