Acknowledgements

I take this opportunity to express my deep sense of gratitude and indebtedness to my reverend guide Dr. N.B. Singh, Former Deputy Director and Head, Division of Microbiology, Central Drug Research Institute, Lucknow for his keen interest, expert opinion, inspiring and active guidance, erudite and constructive suggestions, timely encouragement, moral and psychological support during the course of this work, inspite of his very busy schedule. I have no appropriate word for expressing my obeisance and thanks due to Dr. Singh.

I offer my profound gratitude to Dr. S.K. Garg, Professor and Head, Department of Microbiology, Dr. R.M.L. Avadh University, Faizabad for his kind co-operation, immense help and guidance. Without his kind support, help and timely guidance it would have not been possible for me to complete this enormous task.

I deem it my duty to express my sincere thanks to Dr. V.P. Kamboj, Former Director, Dr. C.M. Gupta, Present Director and Dr. B.S. Srivastava, Deputy Director and Head, Division of Microbiology, Central Drug Research Institute, Lucknow for allowing me to work and providing laboratory and excellent library facilities.

I am extremely thankful to Dr. H.P. Gupta, Assistant Director and Scientist Incharge of this laboratory of Division of Microbiology, for his keen interest, constructive suggestions, healthy discussions, kind co-operation and for providing laboratory facilities.

I wish to record my deep sense of gratitude and thanks to Dr. Vinita Chaturvedi, Scientist ‘B’, Division of Microbiology for her valuable and fruitful suggestions, constant interest, kind help and timely encouragement during the accomplishment of the present study.

A special word of thanks goes to Dr. Anil Srivastava, Scientist ‘C’ Division of Microbiology, for his meaningful suggestions, invaluable co-operation for successful completion of my work.

Thanks gore to (Late) Mr. Ashok Srivastava, Scientist ‘B’, Division of Microbiology, for his lively and invaluable suggestions.

I express my humble appreciation and sense of gratitude to Dr. V.M.L. Srivastava, Scientist ‘E1’, Division of Biochemistry for his kind co-operation, suggestions and providing me laboratory facility for some parts of this study.

I deem it my duty to express my sincere thanks to Dr. Sudheer Sinha, Scientist ‘E1’, Division of Membrane Biology, Dr. Archana Srivastava, Scientist ‘E1’, Division of Endocrinology, Dr. B.S. Malviya, Scientist ‘E1’, Division of Endocrinology and Dr. Sudheer Srivastava, Scientist ‘E1’, Division of Toxicology for their kind co-operation and laboratory facilities provided to me.
My special thanks to Shri Sunil Chakraborty and Shri Hori Lal, Division of Microbiology for their sincere co-operation and help in technical ways during the course of this work. Routine Assistance of Shri Ram Sagar, Dileep Kumar, Ramshankar and Raj Kumar is gratefully appreciated.

My sincere thanks to Mr. Girish Gupta, Mr. Pathak and Mr. Ravindra for excellent photography and drawing.

I express my sincere thanks to Mr. Umesh, Navraj and colleagues for timely and excellent computer typing of my thesis.

My special thanks to other colleagues of mine namely Mr. D.K. Tripathi, Mrs. Hema Pant, Mrs Shalini Srivastava, Mr. A.G. Borua, Ms. Pratibha Guptá, Ms. Jyothi Mehrotra, Mr. R. H. Khan and Mr. A. B. Pant for their encouragement and help from time to time.

My very special thanks to Mrs. Singh, Neetu, Reetu and my friends Rashmi, Meenu, Anita and Bindu for their co-operation, moral and psychological support during my thesis writing.

I offer my sense of gratitude to my honorable Mummy and Dady and affectionate brothers Sudhakar Chandra and Govind Krishna, separation from whom felt too much. Their unstinting support and encouragement throughout the course of this investigation provided me strength to complete this work.

At last I acknowledge Indo-US Scheme on "Role of Interferon" for providing financial support to carry out this study.

(Divya Jyothi Mekala)
