ACKNOWLEDGEMENT

It gives me immense emotional gratification expressing my deep sense of heart felt indebtedness and sincere thanks to my esteemed guide and teacher Dr. P.K. Dabral M.S., Professor and Head, Department of Orthopaedics, M.L.B. Medical College, Jhansi. It is very kind of him to have suggested such an interesting topic for my thesis work. Who with his fatherly attitude, affectionate nature and unfathomed knowledge always guided me unflinchingly throughout this venture. His expert and invaluable suggestions, and constant supervision went a long way towards the final shaping of this work.

I am deeply indebted to Dr. D.K. Gupta, M.S., Assistant Professor, Department of Orthopaedics, M.L.B. Medical College, Jhansi, who with his affectionate nature and keen personal interest gave expert invaluable suggestions and constant supervision at very juncture.

I am grateful that he spared his valuable time to go through every detail of the thesis with useful criticism without which it would have been difficult to complete this work.

I am no less indebted to my respected teacher Prof. R.P. Tripathi, M.S. (Ortho) MAGS, Department of Orthopaedics, M.L.B. Medical College, Jhansi, who were always a constant source of encouragement and inspiration at very stage of present study.
I am thankful to all my seniors & colleagues. My special thanks to Dr. Manav Luthra, Dr. Gaurav Gupta and Dr. Akhilesh Yadav for their help throughout the thesis work. I also extend my special thanks to sister incharge, ward X sister Mary Thomas and sister incharge ortho O.T. sister Leela Rajshekharan.

Here I would also like to express my deep sense of gratitude to my parents, loving brothers and sisters for their never ending affection, constant moral support and continuous encouragement which is the backbone of every work like this.

For flawless typing of this manuscript, I am very thankful to Mr. Vinod Kumar (V.K. Graphics) who made this printing neat and clean.

In last but not the least, I am thankful to those patients who were the case material for this study.
