List of Tables

Table 2.1  Zone - Wise Distribution of IR................................................................. 47
Table 2.2  Gauge – Wise Distribution of IR as on 31-3-2011................................. 48
Table 2.3  Progress of IR up to 1951........................................................................... 53
Table 2.4  Progress of IR from 1951 to 2011............................................................... 54
Table 2.5  Indices of Growth of Traffic Output and Inputs from 1950-51 to 2009-10 ........................................................................................................ 55
Table 2.6  Infrastructure Improvement from 2004-05 to 2009-10............................... 56
Table 2.7  Classes of Travel in Various Trains ............................................................. 57
Table 3.1  Efficiency Indices of Operation from 1951 to 1981................................. 72
Table 3.2  Freight Revenue for the Period 1996 to 2000.............................................. 77
Table 3.3  Key Financial Indicators for the Period 1996 to 2001............................... 77
Table 3.4  Financial Indicators for the Period 2000 to 2008...................................... 80
Table 3.5  Performance Indicators of IR from 2000 to 2008................................. 81
Table 3.6  Increase in Ordinary Working Expenses from 2000-01 to 2007-08.......... 83
Table 3.7  Growth in Components of Working Expenses........................................ 84
Table 3.8  Proportion of Staff Cost to Traffic receipts and Working Expenses........... 84
Table 3.9  Employee Productivity................................................................................. 85
Table 3.10  Compounded Annual Growth Rate of Expenses and Earnings.............. 86
Table 3.11  Operating Ratio and Ratio of Net Revenue to Capital.............................. 86
Table 3.12  Asset utilization indices from 2000-2010.................................................... 89
Table 3.13  Growth of Freight Earnings........................................................................ 91
Table 3.14  Efficiency Improvement in Freight Loading.............................................. 94
Table 3.15  Wagon Turnaround (BG only) Pre-period.................................................. 96
Table 3.16  Freight Unit Cost and Revenue................................................................. 96
Table 3.17  Distribution of Sub-urban and Non-suburban Passengers, PKM and Passenger Earnings................................................................. 103
Table 3.18  Passenger Revenue in Terms of Earnings per Passenger km................... 104
Table 5.7  Purpose-wise Distribution of Passengers........................................................ 198
Table 5.8  Distribution of Passengers on the Basis of Travelling Class ......................... 199
Table 5.9  Train-wise Distribution of Passenger Preference........................................... 199
Table 5.10  Passengers’ Perception in Improvement of Service Quality ......................... 201
Table 5.11  Perception on Fare and Other Charges ....................................................... 202
Table 5.12  Passengers Availing Concession and Type of Concession ............................ 204
Table 5.13  Passengers’ Preference to Method of Ticketing ......................................... 205
Table 5.14  Problems of e-ticketing................................................................................ 206
Table 5.15  Opinion of Season Ticket Holders............................................................... 207
Table 5.16  Opinion Regarding Opening of More Rail Agent Ticket Counters ............... 208
Table 5.17  Awareness and Availing of Automatic Upgradation Scheme ...................... 209
Table 5.18  Passenger Perception on Tatkal Scheme...................................................... 210
Table 5.19  Facilities at the Counter............................................................................... 211
Table 5.20  Passengers’ Perception on Facilities in Platforms and Stations.................... 214
Table 5.21  Passengers’ Perception on Facilities in Trains............................................... 218
Table 5.22  Number of Passengers Faced with Offences and Type of Offence.............. 220
Table 5.23  Lodging of Complaints............................................................................... 221
Table 5.24  Response to Complaints............................................................................. 222
Table 5.25  Perceptions on Behaviour of Employees..................................................... 223
Table 5.26  Frequency on Late running of Passenger/Suburban and Express Trains .......... 224
Table 5.27  Information Regarding the Incidence of Delay.......................................... 226
Table 5.28  Mean and Standard Deviation of Service Dimensions across Divisions........ 227
Table 5.29  Post-hoc Analysis - Division-wise............................................................... 228
Table 5.28  Mean and Standard Deviation of Service Quality Dimensions Across Age Group ......................................................... 229
Table 5.29  Post-hoc Analysis - Age wise................................................................. 230
Table 5.30 Mean and Standard Deviation of Service Quality Dimensions across Gender

Table 5.31 Mean and Standard Deviation of Variables on Occupation-wise Analysis

Table 5.32 Post-hoc Analysis of Occupation-wise Analysis

Table 5.32 Mean and Standard Deviation of Service Quality Dimensions on the Basis of Frequency of Travel

Table 5.33 Post-hoc Analysis on the Basis of Frequency of Travel

Table 5.34 Mean and Standard Deviation of Service Quality Dimensions on the Basis of Class of Travel

Table 5.35 Post-hoc Analysis on the Basis of Class of Travel

Table 5.36 Mean and Standard Deviation of Service Quality Dimensions on the Basis of Type of Train

Table 5.37 Post-hoc Analysis on the Basis of Type of Train

Table 5.38 Satisfaction Level of Passengers across Different Divisions, Demographic and Travel Behaviour Variables

Table 5.39 Model Fit Indices

Table 5.40 Regression Weights of Variables

Table 6.1 Group-wise Distribution of Employees

Table 6.2 Age-wise distribution of employees

Table 6.3 Gender-wise Classification of Employees

Table 6.4 Profile of Educational Qualification

Table 6.5 Distribution of Employees on the Basis of Marital Status

Table 6.6 Distribution of Employees on the Basis of Employment of Spouse

Table 6.7 Distribution of Employees on the Basis of Length of Service

Table 6.8 Employees’ Perception Regarding Present pay

Table 6.9 Employees’ Perception Regarding Promotion Policy

Table 6.10 Employees’ Perception on Training Facility

Table 6.11 Basis of Selection for Training

Table 6.12 Employees’ Participation in other Activities
Table 6.13 Perception on Attitude of Superiors ............................................................ 268
Table 6.14 Perception on Grievance Reporting.............................................................. 269
Table 6.15 Perception on Response to the Grievance..................................................... 269
Table 6.16 Opportunity to give Suggestions.................................................................. 270
Table 6.17 Acceptance of Suggestions in Decision Making .......................................... 271
Table 6.18 Reasons for Punitive Action........................................................................ 272
Table 6.19 Facing the Fury of Passengers..................................................................... 273
Table 6.20 Facing Physical Assault .............................................................................. 274
Table 6.21 Facing Verbal Abuse.................................................................................... 274
Table 6.22 Response of Superiors .................................................................................. 275
Table 6.23 Occurrence of Turnaround ........................................................................... 276
Table 6.24 Perception of Employees Regarding Turnaround ......................................... 278
Table 6.25 Impact of Turnaround on Safety ................................................................. 280
Table 6.26 Perception on Affecting Safety ..................................................................... 281
Table 6.27 Perception on Increase in Bonus and Incentives ......................................... 282
Table 6.28 Perception on Increase in Revenue .............................................................. 282
Table 6.29 Perception on Increase in Repairs and Maintenance..................................... 283
Table 6.30 Perception Regarding Improvement in Service Quality ............................... 284
Table 6.31 Perception Regarding Increase in Line Capacity .......................................... 285
Table 6.32 Perception Regarding Improvement in Punctuality of Trains ....................... 286
Table 6.33 Perception on basic passenger amenities at stations/trains ............................ 286
Table 6.34 Perception on Touch Screen Facility............................................................ 287
Table 6.35 Perception on Telephone Enquiry 139 ......................................................... 288
Table 6.36 Perception on Ticket Fare for all Class of Travel......................................... 289
Table 6.37 Perception on Number of Trains in the Section ............................................. 290
Table 6.38 Perception on Keeping Cleanliness by Passengers ....................................... 290
Table 6.39 Perception on Co-operation from Passengers ............................................. 291
Table 6.40 Overall Satisfaction of Employees................................................................ 292
Table 6.41  Mean and Mean Percentage Score across Divisions ................................. 293
Table 6.42  Post-hoc Analysis.................................................................................. 294
Table 6.43  Mean and Mean Percentage Score across Departments ...................... 295
Table 6.44  Post Hoc Analysis................................................................................ 296
Table 6.45  Mean and Mean Percentage Score across Length of Service ........... 297
Table 6.46  Indices of Variables.............................................................................. 300
Table 6.47  Mean and Regression Weights.............................................................. 300
