

ACKNOWLEDGMENTS

I am deeply indebted to Dr.R.K.KALE, under whose guidance I had the privilege to carry out this research. He has been a source of inspiration and encouragement to me throughout the preparation of the present thesis. I utilize this opportunity to express my deep sense of gratitude towards him for introducing me to the field of Radiation Biology.

I am grateful to Prof.P.C.Kesavan, Dean School of Life Sciences, and Prof.A.R.Rao for their suggestions, encouragement and keen interest in this work.

I am also indebted to my colleagues, Anju, A. P. Sing, Rajeev, Perwez, Saran, Sarang, Sujata, Ramakrishna and Cynthia for the help.

My thanks are due to Mr. Alexander and Mr. Khan for the help in using Central Instrumentation Facilities and Gamma Chamber, Mr. Saini for drawing line diagrams and figures, Mr.Bisanchand for laboratory assistance and Mr.Saju Verghese for his help in typing this thesis.

I acknowledge the financial assistance provided by the U.G.C.

Last but not least, I owe very much to my people at home who were always with me.

SANDHYA L. SITASAWAD
