ACKNOWLEDGMENTS

Firstly, I must sincerely acknowledge the B. Syama Sundar for helping me to grow this level. I am deeply indebted to his family members for their incredible care and gentleness on me. I am grateful to my brother for all his love and care show on me to see my progress. I believe my parents are blessing me from heaven all the way to keep myself manageable.

I thank my supervisor Prof. Kollipara Mohan Rao for providing this opportunity to work in his laboratory. I must admire him for giving freedom and surplus motivation throughout the course. I thank him for all his support, advice and many opportunities he has given me to go various laboratories to learn and carry out few studies. His care and love, attitude to help the students in their progress are indelible.

I thank Dr. Krishna Mohan Poluri, Dr. Balamurali Krishna, and B. Kalyan Srinivas, for encouraging me towards research and providing financial support during my research period. They are great source of inspiration for me to keep up my moral values.

I must remember the help of my senior lab mates Dr. Thirumala Prasad Kota Dr. Venkateswara Rao Anna and Dr. Narasinga Rao Palepu for helping me to come here and taking care of me to adjust here, Dr. Sairem Gloria for helping me in learning the basics of research. My sincere thanks to Dr. Mahesh Kalidasan, Dr. S. Sangilipandi and Mr. Ramesh Kumar their cooperation where necessary. I thank Mr. Sanjay Adhikari, Mr. Mohan Kafley, Ms. Agreeda Lapasam Mr. Lincoln Dkhar and Ms. Lathewdeipor Shadap Ms. Ibaniewkor L. Mawnai for readily extending their help at various stages.

I extend my gratitude to Prof. B. Myrboh, Prof. R.A. Lal, the former heads of the department for providing the necessary facilities. Though I am thankful to all the teachers of the department my special thanks to Dr. Biplab Sarkar, Dr. S. Mitra and Dr. M. Veluswami for clarifying queries and lending some chemicals in need. I thank all the non-teaching staff of the department for extending the necessary help in providing chemicals, analysing compounds and all the administration works. I am thankful to all the research scholars of the department for providing a cordial environment and extending their support in troubles and motivating in curricular and extracurricular activities.

My sincere thanks to Prof. Werner Kaminsky, Prof. G. Yap, Dr. S.H. Forbes, Dr. A. Uma, Dr. Krishna Mohan Poluri and Prof. J. Venkateswara Rao for solving crystals and carry out theoretical and biological studies. I thank SAIF and DST-PURSE SCXRD of NEHU for collecting NMR and X-ray analysis data. It is my immense pleasure remembering the help of my thick friends Dr. Chiranjeevi Tulluri, Mr. B. Murali, Mr. K. Suresh Babu, Mr. E. Siva
Shankar, Mr. Y. Khagesh, Mr. D. Rambabu, Mr. G. Krishna Kanth, Mrs. G. Kushboo, Mrs. Nidhi Joshi, for helping me in NMR and mass spectral analysis. The financial support of UGC, New Delhi in the form of UGC-Non-NET is highly appreciated.

My sincere thanks to all my hostel mates, in particular Dr. Rabi Narayan Behra, Mr. Bharat Kumar Narayan, Mr. Sowmyaranjan Das and Dr. Kongsai for their friendship and support in all deeds. I also thank all my relatives who extended their help at various stages to progress all the way and complete my Doctoral studies.

I thank God almighty for giving strength to face the failures and motivating towards prosperous life.

Finally, I would like to express my deepest gratitude to everyone who contributed for the completion of my course and I express my apology for those whom I could not mention here.

Mr. Basava Punna Rao Aradhyaula
