ACKNOWLEDGEMENT

First and foremost, I praise God Almighty for the unfailing source of support, comfort and strength for the successful completion of my research work.

I really thankful to my mother and all family members for their understanding, love, encouragement and prayers when it was most required for the completion of my research work.

I am deeply indebted to my guide Dr. Mahesh Mohan, Assistant Professor, School of Environmental Sciences, Mahatma Gandhi University for his whole-hearted support and earnest encouragement throughout the course of my study. I thank him for his excellent guidance, constant attention and critical suggestion in doing this work right from the beginning.

I gratefully acknowledge Dr. E.V. Ramasamy, Director, School of Environmental Sciences, Mahatma Gandhi University, Kottayam for his helpful and meaningful advice, and encouragement given to me for doing this work.

I express my heartfelt gratitude to Dr. A.P. Thomas (Director, ACESSD), Dr. C. T. Aravindakumar (Professor, School of Environmental Sciences, Mahatma Gandhi University, Kottayam), Dr. V.P. Sylas (Assistant Professor, School of Environmental Sciences, Mahatma Gandhi University, Kottayam) and Dr. John C Mathew for their support and goodwill.

I would like to thank Mr. Abubacker, Librarian, School of Environmental Sciences, Mahatma Gandhi University, Kottayam for
providing the library facility for my study. I thank most sincerely Mr. Santhosh K.T, Mr. Subash T.K and other non-teaching staff of School of Environmental Sciences, Mahatma Gandhi University, Kottayam, for all their help and co-operation.

I am very much thankful to Ms. Raisa Kabeer, Ms. Anuja. R, Mr. Gopikrishna V.G, Mr. ArunSasi. S, Mr. Balu Balachandran, Mr. Sanu K.S, Mr. Akhil. G for their amiable companionship and kind co-operation throughout my course. It is great pleasure to thank all my batch mates Ms. Sijimol M.R., Ms. Neethu Joy and all my friends for their valuable suggestions and generous help throughout the investigation and for shaping the thesis.

The financial support of the Department of Environment and Climate Change (DoECC) fund is gratefully acknowledged. I also thank Kerala Forests and Wildlife Department, Government of Kerala for giving me the permission to carry out the research in their respective areas. Many staff in the Munnar Wildlife division made this study possible and was the source of inspiration for the research and they provided all help whenever I needed. I profusely acknowledge every one of them.
