ACKNOWLEDGEMENTS

Firstly, I wish to express my deepest gratitude to my Ph. D. Supervisor Dr. Ayam Victor Singh, for his invaluable guidance and kind encouragement throughout the duration of my studies and helping in the identification and structure elucidation of isolated compound.

I am grateful to my Ph. D. Co-supervisor Dr. Ch. Braja Kishor Singh Scientist C, Institute of Bioresources & Sustainable development (IBSD), Imphal for his guidance and guardianship throughout my research activities making it stand up to the test of reality. His invariable encouragement and support was a key factor to sustain through difficulties encountered from negative energies during the research work and personal life.

I am thankful to Prof. Sumpam Tangjang, the Head, Department of Botany, Rajiv Gandhi University, Rono Hills, for his kind permission and support to carry out my research work in the Department.

I am grateful and indebted to Prof. A.K. Das whose consistent encouragement, critical comments and corrections in the manuscript that enabled me to complete of my research work. I am thankful to the faculty members of the department—Prof. R. K. Singh, Dr. Hui Tag, Dr. T. Rina, Dr. O.D. Nimasaw, Dr. Tonlong Wangpan and Dr. H. Evelin for their kind support, help and encouragement.

I wish to express my deepest sense of gratitude to Rajiv Gandhi University, Rono Hills, Doimukh for awarding fellowship to me and providing opportunity for entering the shrine of research.
I would also like to express my gratitude to Prof. Dinabandhu Sahoo, Director, Institute of Bioresources & sustainable development (IBSD), Department of Biotechnology, Imphal, for allowing and providing me all infrastructural facilities necessary for my work in this institution.

I wish to record my sincere thanks to my Colleagues and Research scholars, Faculty members, Technical Assistants, Office Assistants and Attenders in Department of Botany, School of Bioengineering, SRM University for their help, moral support and continuous encouragement during the course of my research work.

I would like to express my gratitude to all those who knowingly or unknowingly helped and inspired me to come to this stage. I express my heartfelt thanks to all healer and medicine man of Mising tribes for the sharing the traditional knowledge’s.

I am grateful to the authority of Central National Herbarium (CAL) and other herbaria (ASSAM, LWG, ARUN and APFH) for herbarium and library facilities

I wish to express my thanks to Mr. Bipul Chandra Kalita SRF, Department of Botany, Rajiv Gandhi University for kind help and continuous encouragement during the course of my research work.

I remember gratefully the good wishes of my Colleagues Naorem Mangliyambi Devi, Kh Nongalleima, Thokchom Anita Devi, Thangjam Davis Singh, Jami Nyitan, Hage Asha, Tridp J. Das, Gaothtam Gogoi, Hage Yanka, Debmalya Dasgupta, Gajapati Mili Akash Kachari and Luk Bahadur Chetry and all the Research scholars and Faculty members, Staff members of Institute of Bioresources & Sustainable development (IBSD), Imphal, Manipur, India. I would like
to take the opportunity to thank to Mr. Mangi Khundrakpam for his help during the all my research work.

I am thankful to Miss Jaanmoni Lagachu for her inspiration and support during my research.

Lastly I would like to thank my parents and other family members for their untiring love, support and encouragement during whole period of my study. All my accomplishment is a reflection of their love and patience and I am highly indebted to them for whatever I have achieved till now. Without their help this work would not have been possible.

(Pradip Doley)
