ACKNOWLEDGEMENTS

The completion of this research work would not have been possible without the encouragement, help and support of many individuals. It is my privilege to thank the people who have supported and guided me throughout this research work.

I am grateful to Dr. Francis C. Peter, Vice Chancellor and Dr.L.Mahesh Kumar, Registrar, St. Peter’s Institute of Higher Education and Research, Avadi, Chennai, for giving me an opportunity to carry out my research in the University. I also thank Dr. S. Gunasekaran, Dean, (R&D) St. Peter’s Institute of Higher Education and Research.

I am highly indebted to my supervisor Dr. T. Felixkala, Additional Dean, Dr.M.G.R Educational and Research Institute, Chennai, for having given me an opportunity to work under her guidance. I would like to express my sincere gratitude to her for her valuable guidance, insightful suggestions, and constructive inputs.

I am grateful to Dr. S. Lavanya Prabha, Professor and Head, Department of Civil Engineering, Easwari Engineering College, Chennai and Dr. S. Elavenil, Professor, Department of Civil Engineering, VIT University, Chennai, for guiding my research work as doctoral committee members for my research.

I also thank Dr. P. Asha, Professor, Department of Civil Engineering and the staff members of Department of Civil Engineering, St. Peter’s Institute of Higher Education and Research for their help during this research. Finally, I would like to thank all those who were directly or indirectly helpful in carrying out this research.
