Acknowledgements

I wish to express my sincere appreciation to those who have contributed to this thesis and supported me in one way or the other during this amazing journey.

I express my sincere and deepest gratitude to my supervisor Dr. Prasant Kumar Panda who ploughed through several preliminary versions of my draft, making critical suggestions and posing challenging questions. His expertise, invaluable guidance, constant encouragement, affectionate attitude, understanding, patience and healthy criticism added considerably to my experience. Without his continual inspiration it would have not been possible to complete this study.

I owe my most sincere gratitude to Prof. L Venkatachalam (Madras Institute of Development Studies), Dr. Sigamani P and Dr. N. Rajagopal, Doctoral committee members, for their valuable comments and suggestions which helped in the betterment of this work.

I acknowledge Prof. Shashanka Bhide (Madrass Institute of Development Studies), Prof. Neeraj Hatekar (Mumbai School of Economics), Prof. Kavikumar (Madras School of Economics) and Prof. Rory Horner (The University of Manchester) for their suggestions that came out of casual discussion during their visit to Central University of Tamil Nadu and my presentations in Development Convention-2018, ISEC, Bangalore and 54th Annual Conference of The Indian Econometric Society. I acknowledge Dr. Raja Sethu Durai (University of Hyderabad) and Dr. Sunil Paul (Indian Institute of Technology, Goa) for their help in understanding different econometric tools and methodologies during different workshops and lectures I attended in my study period.

My sincere thanks to Dr. P Balamurugan, Dr. Sumalatha B.S., Dr. B Balaji and Dr. Aas Mohammed, faculty members of department of economics, Central University of Tamil Nadu, for their valuable suggestions and encouragements that have been very helpful for this study.
My thanks are due to deputy librarian and library staff at Central Library, academic section, Hostel Wardens and staff of Central University of Tamil Nadu for their support. I sincerely thank the office staff of department of economics Mr Balakumar and Mr Swaminathan for their help during the study period.

I sincerely admire the support of my colleagues Mr. Suraj Badaik, Dr. Sweety Thomas, Ms. Deepa Palathingal, Mr. Justin Joy, Mr. Chandrashekar, Ms. Anushree S, Mr. Jince Shajan, Mr. Saratlal, Mr. Lokanathan and Ms. Ritu Sharma. I also acknowledge my friends in the University, Amrapali Jamblulkar, Durga, Eby Attee, Ashmy and Priya for their help and support during my stay in the University.

I gratefully acknowledge the financial support from the Maulana Azad National Doctoral fellowship (MANF-JRF) and Central University of Tamil Nadu doctoral fellowship that I have received during the study period.

I never find enough words to express my gratitude and love I owe to my parents, sister, brother and nephew for providing me constant encouragement, divine presence and supporting me spiritually through out.

Contents

1 Introduction ........................................... 1

1.1 Theoretical Perspectives of Economic Growth .......... 4

1.2 Statement of Research Problem .......................... 6

1.2.1 Inter-state and inter-sectoral growth spillovers and their implications for agriculture ................. 6

1.2.2 The political economy of determinants of sub-national economic growth ........................................ 9

1.2.3 Per capita income convergence among Indian states ...... 10

1.3 Objectives of the Study .................................. 12

1.4 Data and Methodology .................................. 13

1.4.1 Data ............................................. 13

1.4.2 Econometric Techniques ............................ 14

1.5 Scope of the study ....................................... 23
1.6 Limitations of the Study ........................................ 25
1.7 Organisation of the Thesis ..................................... 25

2 Inter-State and Inter-Sectoral Growth Spillovers and their Implications for Agriculture 27

2.1 Introduction .................................................. 27
2.2 Review of Literature ....................................... 33
2.3 Data and Methodology ..................................... 40
  2.3.1 Data ................................................... 40
  2.3.2 Methodology ........................................... 43
  2.3.3 Panel unit Root Test ................................ 43
  2.3.4 Panel Cointegration Test ............................ 46
  2.3.5 Panel Causality ...................................... 47
  2.3.6 Fully Modified Ordinary Least Squares ............ 48
2.4 Empirical Results and Discussion ....................... 48
  2.4.1 Sectoral linkages in a panel framework ............. 48
  2.4.2 Sectoral linkages of specific services with agriculture .... 53
  2.4.3 State specific analysis .............................. 58
  2.4.4 Inter-state linkages in a panel framework .......... 62
  2.4.5 State specific analysis .............................. 70
2.5 Conclusion and Policy Implication ....................... 74
3 The Political Economy of Determinants of Sub-National Economic Growth

3.1 Introduction .............................................. 77
3.2 Review of Literature ........................................ 80
  3.2.1 Socio-economic determinants of economic growth .... 80
  3.2.2 Political determinants of economic growth ......... 86
3.3 Data and Methodology .................................... 95
  3.3.1 Description of the Variable ....................... 100
  3.3.2 Methodology ...................................... 103
3.4 Empirical Results and Discussion ......................... 109
  3.4.1 Robustness of Results .......................... 118
3.5 Conclusion and Policy Suggestions ......................... 130

4 Per Capita Income Convergence Among Major States in India 132

4.1 Introduction .............................................. 132
  4.1.1 Review of Selected Literature ................... 138
4.2 Data and Methodology .................................... 147
  4.2.1 Data ........................................... 147
  4.2.2 Description of the Variable ....................... 150
  4.2.3 Measuring convergence .......................... 150
4.3 Empirical Results and Analysis ........................... 153
5 Major Findings and Policy Implications

5.1 Major Findings and Policy Suggestions

5.1.1 Inter-state and inter-sectoral growth spillovers and their implications for agriculture

5.1.2 The political economy of determinants of sub-national economic growth

5.1.3 Per capita income convergence among Indian states

5.2 Agenda for Future Research

A

A.1 Growth of PGSDP for the period 1991-92 to 2013-14

A.2 Political ideologies
# List of Tables

2.1 Description of the Variable ................................................. 42
2.2 Descriptive Statistics ......................................................... 43
2.3 Panel Unit Root Tes(Im, Pesaran and Shin and Levin Lin Chu) ....... 45
2.4 Pedroni Panel Cointegration .................................................. 50
2.5 Panel Causality ................................................................. 50
2.6 Long Run Coefficients of Agricultural Output(AGSDP) ............... 51
2.7 Pedroni Panel Cointegration (AGSDP and Transport, Storage, Com-
munication) ................................................................. 54
2.8 Pedroni Panel Cointegration (AGSDP , Banking and Insurance) ... 55
2.9 Pedroni Panel Cointegration (AGSDP and Trade, Hotel, Restaurant) 55
2.10 Panel Causality (AGSDP and Transport, Storage,Communication) .. 56
2.11 Panel Causality (AGSDP, Banking and Insurance) .................... 56
2.12 Panel Causality(AGSDP, Trade, Hotel and Restaurants) ............ 57
2.13 AGSDP as the Dependant Variable ........................................ 57
4.1 Description of the Variable ........................................... 150
4.2 Absolute Convergence .................................................. 156
4.3 Growth rate of Per Capita Income as the Dependant Variable (1991-2000) 158
4.4 Growth rate of Per Capita Income as the Dependant Variable (2001-2013) 161
List of Figures

2.1 Pattern of Sectoral Contribution of GDP in India .......................... 29

2.2 State Level Sectoral Contribution of Agriculture to GSDP (decadal average) ......................................................... 29

4.1 Standard Deviation of Per Capita SDP(1991-2000) ....................... 154

4.2 Standard Deviation of Per Capita SDP(2001-13) .......................... 155

A.1 Growth of Percapita GSDP for the period 1991-92 to 2013-14 .......... 182
