ACKNOWLEDGEMENT

With enchanting and ever refreshing memories ........

The printed pages of this thesis hold far more than the culmination of years of study. These pages also reflect the relationships with many generous and inspiring people I have met since beginning of my research work. The list is long, but I cherish each contribution to my Ph.D.

I take this opportunity to express my profound gratitude and deep regards to my guide Dr. C. Krishnaiah, Professor, Department of Marine Geology and Coordinator, Earth Science and Technology Cell, Mangalore University for his exemplary guidance, monitoring and constant encouragement throughout the tenure of the study. The blessing, help and guidance given by him time to time shall carry my research on which I am about to embark.

Grateful acknowledgement is made to Prof. K. Byrappa, Former Vice-Chancellor of our University for providing research fellowship. I am highly indebted to Prof. K.S. Jayappa, Co-ordinator, UGC-SAP, (DRS-1) for extending the facilities, fellowship, and also for his constant encouragement and support. I express my sincere thanks to Prof. H. Gangadhara Bhat, Chairman, Dept. of Marine Geology, Mangalore University for providing facilities.

Thanks are due to Prof. G. Chandrakantha, Dept. of Applied Geology, Kuvempu University for fruitful discussions and guidance during various stages of the Ph.D. work.

I am grateful to my teachers of our Department Prof. R. Shankar, Prof. Shivanna, Prof. B. R. Manjunatha, Dr. Priya K. Mrs. Yamuna S. M. and Mrs. Nirmala R. for their constant encouragements and supports during the Ph.D. work. I express profound gratitude to my teacher Late Prof. B. R. Raghavan for his constant encouragements and support during the earlier stage of Ph.D. work.

I also express my gratitude to my teachers Dr. Govindaraju, Prof. K. S. Ananthamurthy, Prof. K. N. Chandrashekarappa and Prof. S. A. Ahmed, Dept. of Applied Geology, Kuvempu University, for their help in various stages in the completion of work.

Special thanks are due to SOI, NRSC, GSI (India) and USGS Earth Explorer (USA) for providing topographic, resource maps and satellite derived products. I am thankful to Department of Statistics, Mines and Geology,
Agriculture, Government of Karnataka, providing data pertaining to my research work.

I extend my thanks to Dr. Jayaram G. Naik, HOD. Dept. of Civil Engineering, Shri Devi Institute of Technology, Mangalore for providing instrumental facility during geotechnical analysis of soil samples.

Thanks are also due to Chief Editor, Journal of Geological Society of India and Current Science for providing permission to reproduce figures in the Ph.D. Thesis.

My sincere thanks to Librarian and Staff members of University Library for their support during the period of my Ph.D. work. I am obliged to non-teaching staff members of Department of Marine Geology, Mangalore University for their cooperation during the period of my Ph.D. work.

I personally thank Dr. Sandhya, Mr. Santosh Chougale, Mr. Ateeth Shetty, Mr. P. R. Deepak, Mr. Naveen Kumar, Mr. Rajesh, Mr. Jithin Jose, Mr. Sarang Kulkarni, Mrs. Shwetha B., Mrs. Sowmya K, Mr. Guruswamy B.and Mr. Manjunatha, H. M. Research scholars of Mangalore University for their constant encouragement and help. I thank Mr. Kumar B, Mr. Umapathi B. N., Mr. Shivaprasad R. Mr. Vinaya M, Mr. Lamprang Lalu, Research scholars and all my friends of Dept. of Applied Geology, Kuvempu University for their help in various stages in the completion of work.

I am deeply indebted my parents and brother for their constant encouragement without which this thesis would not be possible.

At the end, I am immensely obliged to the MANGALORE UNIVERSITY for providing an opportunity to pursue my Ph.D. in Marine Geology.
