INDIA

JANUARY - 2008
ACKNOWLEDGEMENT

“The joy, satisfaction and euphoria that comes along with the successful completion of any work would be incomplete unless we mention the names of the people who made it possible, whose constant guidance and encouragement served as a beam of light and crowned our efforts.”

First and foremost I would like to thank THE DIVINE for his grace which fetched the strength and understanding to surmount the difficulties during the tenure of my project work and enabled me to complete this herculean task during this journey.

It is a great privilege for me to have worked under the guidance of Dr. P. Samudram, M.Sc., M.Phil., Ph.D., for his constant encouragement, suggestions and unflinching guidance. His knowledge and wide experience has been a motivating force in moulding this research work.

My sincere thanks to Dr. T. P. Kalanithi, M.D., Dean, Madras Medical College for giving me an Opportunity to carry out this research work.

My deepest and sincere thanks to Dr. A. Geetha, M.Sc., M.Phil., Ph.D., Co-guide, Asst. Prof. Department of Biochemistry, Bharathi Women’s College, for her continuous support and invaluable guidance.

My heartfelt thanks to Dr. Pregna Dolia, M.D., Ph.D., Director, Institute of Biochemistry for her great support and encouragement.

My special thanks to Mrs. Vasuki M.Sc., Asst.Professor, Vel’s University, for her outstanding support throughout this research work.
