ACKNOWLEDGEMENTS

Pursuing this Ph.D. research work has been a truly life changing experience for me and it would not have been possible without the support, belief and encouragement of many people. Now, I have got the opportunity to express my gratitude for all of them.

First and foremost, I take this opportunity to express my deep sense of gratitude and indebtedness to Prof. Harish Kumar Sharma, Professor, Department of Chemistry, Kurukshetra University, Kurukshetra, Haryana. I thank him wholeheartedly for his valuable guidance, inspiring criticism and constant encouragement throughout the course of this work. Needless to say, his intellectual thrust, constructive criticism and extensive discussions around my work motivated me to work rigorously, and I hope to continue to work with his noble thoughts and research expertise.

I gratefully acknowledge, an equitable amount of indebtedness I owe to Prof. Sanjiv Arora, Head, Department of Chemistry, Kurukshetra University, Kurukshetra and Prof. Amlendu Pal, Former Head, Department of Chemistry, Kurukshetra University, Kurukshetra for their valuable advice and academic support which have provided good and smooth basis for my Ph.D tenure.

I owe a great deal of appreciation and gratitude to Prof. Ranjana Aggarwal, Prof. Gyan Parsad Dubey and Dr. Ashwani Kumar (Chemistry Department, Kurukshetra University, Kurukshetra) for their benevolent and sagacious guidance, perfect criticism, constructive counsel and creative ideas. Prof. Kiran Singh, Dr. Ashu Choudhary, Dr. Ritu Langyan, Prof. Ramesh Chander Kamboj, Prof. Neera Raghav, Prof. Pawan Kumar Sharma, Dr. Rashmi Pundir, Dr. Hardeep Anand, Dr. Parveen Jangra, Dr. Suresh Dua, Dr. Ramesh Kumar, Dr. Raj Kamal, Dr. Sangeeta Saini and Dr. Sohan Lal the faculty members deserve my sincere expression of thanks, for their constructive counsel, sustained encouragement and care since the very first day I came into contact with them. My heartfelt thanks to Mr. Ravinder Kumar and all non-teaching staff members for their intense support and cooperation during my research work.

This list will not be complete without acknowledging my senior labmates Dr. Amardeep, Dr. Jasmer Singh and research mates Dr. Monika Chawaria, Mr. Pankaj Bhatia, Mr. Parveen Kumar, Ms. Mamta, and Ms. Priti who gave me constant moral support and company during my research work.
I owe a great deal of appreciation and gratitude to Dr. Vinod Khatri and Sh. Vijay Gupta (IISER, Mohali), Sh. Badri Parsad (Delhi University), Sh. Gaje Singh (IIT Ropar), who were the source of inspiration for me in my early days and gave me confidence to pursue this study. I would also like to thank Prof. Vinod Kumar Jain (Gujarat University, Ahmadabad), Dr. Krunal Modi (J. Heyrovsky Institute of Physical Chemistry, Prague, Czech Republic), Sh. Chirag Patel (Department of Botany, Bioinformatics and Climate Change Impacts Management, Gujarat University) and Sh. Lakhbeer Sing Arora (IIT Delhi, India) were among those who kept me going at the beginning and supported me to perform my research work.

I am extremely indebted to UGC, New Delhi, India for providing the financial assistance to carry out this work under UGC reference no. Sch./S-I/14/1179. I express my special thanks to Materials Research Centre, MNIT, Jaipur (India) for providing spectral facilities. Access to computing and storage facilities owned by parties and projects contributing to the National Grid Infrastructure Meta Centrum provided (CESNET LM2015042) Czech Republic is greatly appreciated. I acknowledge DST-SERB, New Delhi for providing Dell Precision Tower 5810 for molecular dynamics simulation. I gratefully acknowledge the Department of Botany, Bioinformatics and Climate Change Impacts Management, Gujarat University for providing an opportunity to access the bioinformatics research facilities.

Words are short to express my deep sense of gratitude towards my first teacher, my mother Late Smt. Amar Pati Devi whose divine blessings gave me support and guidance even in my adverse phase of life. It would not have been possible to accomplish this task without the patience and love of my father Sh. Chander Bhan, brother Sunil and sisters Sarla, Nirmal and Neelam. I am also thankful to Mr. Harinder Singh and Mr. Salim who cooperated and supported me in all possible ways to ensure the completion of this work.

Above all, I would like to thank the Almighty Mahadev Shiva who has always been the invisible divine force behind my accomplishments.

Besides this, I would like to thank all those people who knowingly and unknowingly helped me in the completion of this thesis.
