ACKNOWLEDGEMENT

The author wish to first and foremost thanks his guide Dr. M. M. Khandpekar to introduce him to an idea as interesting as and as diverse as the present topic. The task of making an idea a concrete material outcome, needs a diligent person having multiple skills which includes experimental expertise, persistent hard work, analytical and critical ability and likening for abstract thinking to name a few. These are some of the features which the author have been exposed to while being associated with Dr. M. M. Khandpekar.

The author would like to thank the Principal of K.M.Agrawal College of Arts, Commerce and Science for the support during the research work for the completion of Ph.D. The author thanks his colleagues at K.M.Agrawal College for their support during the research work.

The author wish to thank his colleagues Dr. S. G. Gaurkhede, Dr. Shailesh Dongare and Dr. Shrish Patil, Materials Research Laboratory, Birla College for their valuable discussion on the topic.

The author wishes to thank Dr P. P. Satpute, Head of Department, and Prof K. H. Dongre from Department of Chemistry, Birla College, Kalyan for their help during the course of research work.

The author wish to thank the staff of Materials Research Laboratory, Birla College of Arts, Commerce and Science for their support during the period of research work.

The author wish to thank Dr. T. N. Prakash, Centre for Earth Sciences, Thrivuanthapuram, Dr. Aarti Thakkar, ISFAL, Moga, Punjab, Sophisticated Analytical Instrumentation Facilities (I.I.T) at Mumbai and Chennai and Department of Chemistry , Indian Institute of Science (I.I.Sc.), Bangalore for their support in characterisation of the materials.
The author wish to express his gratitude to Mrs. Dr. Neeta M. Khandpekar for her constant encouragement and support during the period of research.

The author is indebted to his family members for their patience and understanding during the completion of this research work. The author wishes to express his gratitude to his brothers Amerendra and Rahul for their constant support during research work.

The author would like to especially thank his wife Mrs. Sudha Singh and his sons Divyam and Rishabh for accommodating their valuable time which they could have otherwise spent together.

Finally the author wishes to express his gratitude to the Divine Being for providing him the strength to persist with the earthly infinitum.

Amit Tribhuwan Singh
