All my praises to Almighty, for showering His blessing upon me for making me able to complete this piece of work.

Beginning with deep gratitude to my honourable supervisor Dr. Bilqees Bano for her noble guidance, consistent encouragement and scholarly criticism to accomplish this task. It is only because of her objective and persistent suggestions that I am able to achieve this feat in my career.

I own my sincere thankfulness to Prof. M. Saleemudin, Chairman, Department of Biochemistry for providing all the necessary facilities. I am immensely grateful to my teachers Prof. S.M. Hadi, Prof. A.N.K. Yousufi, Prof. Masood Ahmad, Dr. Naheed Bano, Dr. Raiz Mahmood, Dr. Imrana Naseem, Dr. Qayoum Hussain, Dr. Farah, Dr. Tabish, Dr. Fahim H. Khan and last but not the least Late Dr. Javeed Iqbal, for their unabated encouragement and constant support in my academic pursuits.

It is worth mentioning that my Lab colleagues Mr. Kashif, Suhail, Amjad, Fouzia, Riffat, Showket, Sandeep, Arivarasu, Kahkashan, Irfana, Iram, Asfar, Shamila, Yasha, Deeba, Aiman, Shuba, Aaisha, Sadia and many more extended their cooperation with zest and zeal throughout. I am grateful to Ms Samina, Sadaf, Hina, Mr. Shahid and Kaleem, whose company will always remain a perennial memory.

It gives me immense pleasure to acknowledge my intimate, Yasmin Ahmad for her succor, sympathetic attitude and help that were frequently required by me. Pleasure to thank Ms. Amodini, Samina, Nazia, Uzma, Simu, Suraiya, Kausar, Riffat, Salma, Shabana, Hina, Hashmi and Nikhat for their love and cooperation.

I owe my sincere thanks to UGC, New Delhi for providing financial assistance. I extend my sincere note of thanks to all nonacademic staff for their help. I also acknowledge the skills of Mr. Hasan for typing the thesis.

Do not have words to express my gratitude to my parents, Dadi Jaan, Umar and Ayoub for their moral and material support, persist and jubilant courteousness, in my life.
