

ACKNOWLEDGEMENT

For the successful completion of this work, I owe my sincere thanks and gratitude to my supervisor Professor Abdur Raheem Kidwai, whose suggestions and guidance, made this work possible.

While deciding upon nature poets who had played major roles in English and American poetry, I gained insights from Professor Masoodul Hasan. I am indebted to him for his valuable time and interest in the topic.

I am immensely thankful to Prof. Mohammad Rizwan Khan, Chairman Department of English, AMU, who rendered me his help and guidance when I needed it the most.

My friends, Mr. Farhan Ahamd, Shamsuddhin Mk, Firdous Hussain, Dr. Burhan Bashir, Khuman Bhagirath, Asad Bin Saadat, Ms. Ritika Gupta, Maryah Charoo, Roshan Shaikh, Ayush Gaur and Jibraan Fazili, had been with me all these years. I am thankful to them for their support, help and suggestions.

Last but not the least, my parents, without whose constant encouragement and blessings, this would not have seen the light of the day.
