Acknowledgement

I feel greatly privileged to express my most sincere gratitude to my supervisor Dr. Dinesh Mani D.Sc., Associate Professor, Department of Chemistry, University of Allahabad, for taking his keen interest, valuable suggestions, untiring guidance, paternal treatment and in-exhausting encouragement throughout the course of this study. It would never have been possible for me to complete the work and prepare thesis without his sympathetic and helpful attitude.

A grateful acknowledgement is due to Prof. Jagdamba Singh, Head, Department of Chemistry, University of Allahabad, for his indispensable help.

I am highly indebted to Prof. O.P. Srivastava, Prof. Ashok Mahan and Prof. O.P. Singh, Guest Professor, Sheila Dhar Institute of Soil Science, for his constant encouragement at various stages of thesis work.

I express my grateful thank to Dr. Alok Lehri, Incharge, CIF Division, National Botanical Research Institute, Lucknow for providing me facilities of Atomic Absorption Spectrophotometer for the analysis of heavy metals in plants and soils.

I would like to extend my heartiest thanks to Dr. Chitranjan Kumar, Dr. ShriKrishan Upadhyay, Dr. Neeraj Pathak, Dr. Shiv balak, Mr. Vishv Kumar Mourya Mr. Niraj Kumar Patel, Mr. Shailendra Kumar, Mr. Indra Sen Tiwari, Mr. Ashutosh Kumar, Mr. Prashant Shingh (Research Scholars) and my friends Arun Singh, Prateek Jaiswal all my well-wishers who helped me from time to time.
