Acknowledgement

I feel golden opportunity and proudest privilege of my life to thank my respective supervisor Dr. K.P. Dwivedi, Associate Professor & Head of Department Chemistry, Ganpat Sahay P.G. College, Sultanpur for suggesting the research problem, over enlivening and emboldening posture, incessant encouragement, invigorating inspiration, sagacious suggestions, prodent guidance and critical appraisals of the result in the production of this manuscript, helped me immensely, I can feel my self most fortunate of all for availing of his keen and pains taking interest in my research work.

My sincere thanks are also to Dr. P.B. Singh, Principal, Ganpat Sahay P.G. College, Sultanpur & Dr. V.K. Singh, Associate Professor, Department of Chemistry, Ganpat Sahay P.G. College, Sultanpur for their valuable suggestion and moral support.

I have no wards to express my sentiments and feeling towards Dr. A.B. Singh, Lecturer, Department of Chemistry, R.R.P.G. College, Amethi for their suggestion and inspiration time to time.
The co-operation and contributions of Central Drug Research Institute, Lucknow is fully recognized and appreciated in performing data collection.

Lastly, but in no small measure a special word of thanks and appreciation to my Father & Mother, other family members who actually to bear the brunt of long arduous journey but their smiles always encouraged me.

Last but not the last a word for my sincere gratitude to Raj Computer, Sultanpur for providing his computer desk facility in typing of this manuscript.

(Avinash Bahadur Singh)
