ACKNOWLEDGEMENT

First of all I pay all my homage and designate my emotions to the lord almighty whose blessings promote me to accomplish this interesting task. This task requires effort from many people without them it would not have been completed.

I bow my head in utter humility and complete dedication. It is with great pleasure and with deep sense of gratitude, to my esteemed teacher, mentor and guide Ex. Principal, Dr. A. G. Mehta [M.Phil., Ph.D., C.C., FIC (Kolkata)], who has inspired me with keen interest and ever vigilant guidance without which this task could not have been achieved. He has not only guided me but also acted as a co-traveler throughout my research work. It is the result of his unfailing efforts and meticulous training that today I have reached my destination. The only way to thank him would perhaps to strive to work similarly in years ahead, and continue the chain in succession.

I express my sincere thanks to Dr. S. P. Kapadia, Head of Chemistry Department and In-charge Principal, Sir P.T. Sarvajanik College of Science for providing me necessary research facilities to carry out this work at the college laboratory.

Equally grateful thanks are preferred to Mr. Kamal Jain, Director, Nova Dyestuff Industries Private Limited, Surat who
provided me all kind of moral support that I needed to carry out my research work;

I would like to express my special thanks to my friend Dr. Ketan Patel, S. P. University, Vallabh Vidyanagar for all kind of support to publish my research work in reputed journals.

I am pleased to acknowledge the help rendered by my friend Dr. Sailesh Parmar and Mr. Mehul Khimani for providing me computer work related facilities and making this thesis in real shape.

I am grateful to my colleagues Mr. Mitesh Mistry, Mr. Nigam Desai, Dr. Devendra Vansadia, Dr. Manoj Patel and Mr. Devish Patel for their co-operation & kind support.

I am equally thankful to all the teaching and non-teaching staff members of the Chemistry Department, Sir P.T. Sarvajanik College of Science, Surat to boost my moral.

I am very much grateful to my beloved parents Dr. Ashokbhai A. Patel and Mrs. Jyotikaben A. Patel for their kind and affectionate co-operation during the entire research work and in beautifying the presentation of work in the form of Thesis.

(Avnish A. Patel)
