ACKNOWLEDGEMENT

Looking back through the journey of my Ph.D career, reaching this stage would not have been possible without the contributions of many people in my life. So I would like to thank all those who have encouraged, supported, and motivated me through all these five years.

First, I would like to express my deep sense of gratitude to my supervisor Dr. Madan Mohan Singh. He is the one who has guided and nurtured me from the very beginning of my Ph.D career. His advice, patience, understanding, and very helpful suggestions has made a lasting impact on me. He has taught me all the things he knows, and he constantly motivates me to work hard and always strive forward. I also admire his ability to be calm in any situation, his heart and personality sets an example to me.

I am very fortunate to have been taught by great teachers like Prof. S.S. Khare, Prof. H.K. Mukherjee, Prof. M.B. Rege, Prof. P.K. Saikia, Prof. K.K. Singh, Prof M.Ansari, Mr. J.P.J. Kharbhii, and Mr. P. Chinglensana, during my M.Sc. They are an inspiration for us, and have directly or indirectly influence my academic career. I am especially grateful to Dr. A. Tiken Singh, Dr. Ardeline M. Buhphang, and Dr. Sanghita Dutta for their guidance and motivation especially during the Ph.D Coursework, and I feel that I have learned a lot from my discussions with them.

I would also like to thank my friends and fellow research scholars in the department- Hera, Sekhar, Bharat, Ali, Azizur, Bineeta, Sarojini, Deibor, Dipen, Binod, Rojit, Raplang, Algracia, Shivangi, Rampao, Zonunmawia, Wompher, Pravesh- for the fun and laughter, and all the memories we shared in the last five years. A special mention to my batchmates, Chanlemki, Pinki and Soumitra, for their constant support and many valuable suggestions. I believe that we have learned a lot from each other, and I will cherished all the memories for the rest of my life. Thank you all for the memorable journey, and I wish you success in life.
Finally, I have received a tremendous amount of support and motivation from my family members, my father Tarbum Sohlang, my two sisters Da-reenty Sawkmie and Phyllashisha Sawkmie, my brother Kitjingshai Sawkmie, my brother-in-law Oral Kharduit, and my niece Sanchia Nasya Sawkmie. I am also thankful to all my friends and relatives for their well wishes and prayers.

I would like to dedicate this thesis to my mother (L) Siphica Sawkmie, who passed away while I was in the fourth year of my research. I know that she would have been the most proud in seeing me successfully completed my Ph.D, and I hope that she would continue to bless me.

Last but not the least I want to thank the Almighty God for his abundant blessings in my everyday life.

Thank you all, and God Bless you.
