ACKNOWLEDGEMENTS

First and foremost, I would like to express my heartfelt gratitude to my supervisor, Prof. Asit Kumar Chandra for his constant guidance throughout the course of my study. I sincerely thank him for his generosity, encouragement, inspiration and understanding towards me.

I would like to thank former Head Prof. R .A. Lal and the present Head Prof. K. M. Rao of Chemistry Department, NEHU for providing all the necessary facilities and requirements.

I wish to express my warm and sincere thanks to our collaborator Prof. Therese Zeegers-Huyskens, Department of Chemistry, University of Leuven, Heverlee, Belgium, for helping us analyzing our spectroscopic data and for providing valuable suggestions to improve our manuscript.

I would also like to thank Prof. B. Myrboh, Prof. K. M. Rao, Dr. S. Mitra and Dr. Pranjit Barman for believing me and providing me an opportunity to carry out some collaborative works.

I express my warmest gratitude and appreciation to my labmate Dr. Makroni Lily for her friendship, cooperation, help and understanding throughout my research work. Her dedication and devotion towards work has always encouraged me to work harder. I am also grateful to my junior labmate Bidisha Baidya for her help and support.

A very sincere thanks to my fellow research scholar friends Binoyargha Dam, Sanchayita Rajkhowa, Randhir Rai, Debojit Kumar Deb, Deboshikha Bhattachjejee, Esther, Sanjay Adhikari, Ajay Gupta, S. Sangilipandi, Bhaskar Sen, Sanjoy Sheet, Sumit Kumar Patra, Subhro Banerjee, Kuladip Sharma, Mulla Muhaiminul Islam, Suman Kumari, Taranga Jyoti Baruah, Sourav Das, Monosh Rabha, Anushmita Charingia, Mostofa Rohman, Smarling Suting for always responding whenever I needed them. They were all a pillar of support and a source of encouragement during the hardship of my research period. I also express my thanks to all the other research scholars of this department for their help and friendly attitude.

A special thanks to my younger brother, Subhankar, for understanding my critical circumstances and helping me accordingly.

I would also like to thank, Computer Centre, NEHU for providing computing facilities, technical assistance and their valuable help by conducting various computer courses.

My sincere thanks are due to all the teaching faculty and non-teaching staffs of department of chemistry, NEHU for their moral support and help.

Last but not the least; I want to thank CSIR for an SRF fellowship and UGC for Non-Net fellowship.

Dipankar Sutradhar
