ACKNOWLEDGEMENT

The pathway to this Ph. D. has been a great period of growth. I would like to express my intensive gratitude and heartfelt thanks to all those who have contributed along the journey, in particular.

I thank God almighty for providing his blessings upon me and giving me the strength and patience to complete my work successfully.

I express my deep gratitude to my Supervisor Dr. Ikram Qureshi and Dr. Dau Lal Bohra. Greatful thanks for his valuable suggestions and excellent guidance during the entire period of research. I am extremely grateful for his consistent supervision, precious advice and critical suggestions.

I express my gratitude thanks to Dr. Ikram Qureshi, Ph.D. Coordinator, Department of Biotechnology, Shri Jagdish prasad Jhabarmal Tibrewala University, Jhunjhunu. He permitted complete freedom to me that I have done something to do justice to the faith he had in me. Without his support, I could not have completed my work in time.

I express my gratitude thanks to Dr. Vinod D. Tibrewala, Chancellor and Mr. Balkrishan Tibrewala, Registrar, Shri Jagdish prasad Jhabarmal Tibrewala University, Jhunjhunu for giving indefatigable help, precious support and guidance.

I am highly obliged and thankful to Dr. Ajay Agarwal, Sr.Principal Scientist in CEERI (Central Electronics Engineering Research Institute) Pilani, Rajasthan. I have never completed my Ph.D. without his excellent scientific guidance and special thanks for always finding time to answer any and every question.

I express highly great full thanks and love for my colleague and friend Prerna Balayan. I have never completed my PhD without her support and good wishes for me. Her assurance helped and incessant supports me to overcome apprehension of failure and turned it to desire to do well that helped me get
going for the duration of complicated times. I extend my special thanks and love my friends Ritu Rathore and Prasha Agrawal. Without their good wishes i have not completed my work.

The soaring love and regard I have just before my colleagues’ words can never express. The expression of my appreciation will stay on incomplete if I fail to admit the pleasurable company, moral support and silent wishes of my all friends and colleagues Rahul sir, Vikram Maharshi, Ramesh Kumar, Vinay Goyal, Ranjan Maurya, Raman Maurya, Smiti Sachdeva, Rakesh Saini, Vikash Saini, Anju Yadav, Sanjay Sihag, Sandeep Kajal, Pawan Kumar and my all lovable friends in CEERI pilani, yours love and good wishes that helped me to grow up all my complications.

I express highly greatful thanks and love for my sister Beena Saini and lots of thanks for Virender Shekhawat sir.

Without appreciating my family members this acknowledgement is meaningless. I am extremely thankful to my family members for their support, help and encouragement without which the completion of my work would not have been possible. The deepest and heartly gratefulness goes to my parents, Papa Mr.Balu Ram Saini and Mummy Mrs.Parmeshwari Saini, and deepest love and thanks to my sister Anjali Sunil Saini and my brother Hardik Saini.

The deepest and heartly thanks and love goes to my husband, Mr. Dharmveer Saini and my adorable son Chitransh Saini and daughter Bharvi Saini. Love of my son and constant encouragement of my husband throughout my career. At this moment I remember the sacrifices, patience, support and invaluable love of my family, without whom this effort would not be possible. With fond remembrances I dedicate this thesis to my all family members, my husband and especially to my loving and cutest son.
