ACKNOWLEDGEMENTS

This thesis is the end of my journey in obtaining my D.Phil. I have not travelled in a vacuum in this journey. Though only my name appears on the cover of this thesis, a great many people have contributed to its production. This thesis arose in part out of years of research that has been done. I have worked with a good number of people whose contribution in assorted ways to the research and the making of the thesis deserves special mention. I owe my gratitude to all those people who have made this thesis possible and because of whom my research experience has been one that I will cherish forever.

First and foremost, praises and thanks to the God, the Almighty, for His showers of blessings throughout my research work to complete the research successfully.

I would like to express my sincere gratitude to my supervisor, my Guru, Prof. Bharat Singh, former Head, Department of Chemistry, University of Allahabad, Allahabad, for encouraging my research and for allowing me to grow as a research scholar. It was a great privilege and honour to work and study under his guidance. I am extremely grateful for what he has offered me. His advice on both research as well as on my career have been priceless. I could not have imagined having a better supervisor for my D.Phil. He has taught me the methodology to carry out the research and to present the research works as clearly as possible. I would also like to thank him for his friendly behaviour, empathy, and parental care. I am extending my heartfelt thanks to his wife, Mrs. Maya Singh for her acceptance, patience and motherly care during the discussion I had with him on research work and thesis preparation.
I am deeply grateful to Prof. Arun Kumar Srivastava, Prof. Ashok Kumar Singh, former Heads, Department of Chemistry, University of Allahabad, Allahabad, and Prof. Jagdamba Singh, Head, Department of Chemistry, University of Allahabad, Allahabad, for providing me all research facilities such as library, instruments and other necessary things which helped me in my research work.

In addition, I would like to thank Prof. Ashok Kumar Singh again for not only being the Head of Department during my research work but also for his extended support, keen interest and sincere advice from time to time in completing my research work.

I am extremely grateful to my parents, Mr. Vikash Chandra Tripathi and Mrs. Rama Tripathi, for their love, prayers, caring and sacrifices for educating and preparing me for my better future. I am very much thankful to my husband, Mr. Saurabh Pandey, and his parents (my in laws) Mr. Jagat Pal Pandey and Late Mrs. Veena Pandey, for their love, understanding, prayers and continuing support to complete this research work. Also I express my thanks to my sisters, Mrs. Akanksha Mishra, Ms. Anushree Tripathi and Ms. Shruti Tripathi, brother, Mr. Harshit Tripathi, brother in laws, Mr. Omji Mishra, Mr. Manas Pandey and Mr. Suresh Tripathi and sister in law Mrs. Swati Tripathi for their support and valuable prayers. I also express my thanks to my nephew Akshat and niece Avika for their sweet affection. Their presence helped me getting destressed after a hectic day at laboratory.

My everlasting and never fading gratitude goes to my seniors Dr. Jagat Narayan Singh, Dr. Deepmala Gupta, Dr. Aniruddh Kumar Singh and Dr. Anamika Singh for their whole hearted support and never failing cooperation. I owe a special thanks and words of appreciation for my colleague, Mr. Sandeep Kumar
Mishra, for his dedication and persistent cooperation. Without his support and help I would have not been able to complete my research work at this pace.

I would like to say thanks to my friends and research colleagues, Dr. Atul Kumar Singh, Mr. Vijay Shankar Pandey and Miss Ruchi Chawla, for their genuine support throughout this research work. I express my special thanks to my dear friends Miss Vidushi Trivedi and Miss Kiran Tripathi for their constant encouragement, love and care.

I also thank all the staff of Department of Chemistry and that of Research section of University of Allahabad, Allahabad. Finally, my thanks go to all the people who have supported me during the research work directly or indirectly.

I gratefully acknowledge financial support from University Grants Commission, Government of India, New Delhi.

Shipra Tripathi
