LIST OF DIAGRAMS AND TABLES

CHAPTER I:

Diagram 1: Phonological Grid of Bhopal Urdu ............... 24
2: State of Glottis in the Production of voiced h ....................... 34

Table 3: Repetition of Voiceless and Voiced stops (unaspirated) in the Initial and Final Position of the word ....................... 41

4: Repetition of unaspirated and Aspirated stops in the Initial and Final Position of the word ....................... 43

5: CVC words versus CCVC and CVCC words ............. 48

6: Combinations of Aperture 1 with Aperture Ø .. 50
7: Combinations of Aperture 1 with Aperture 2 .. 51
8: Combinations of Aperture 1 with Aperture 3 .. 52
9: Combinations of Aperture Ø with Aperture 2 .. 54
10: Combinations of Aperture Ø with Aperture 3 .. 55

Diagram 11: Asymmetry of the Vocal Tract ............... 58

Table 12: Frequencies of Phonological units of Aperture 2 having Teeth as Point of Articulation in CVC, CCVC and CVCC words in the Initial and Final Positions of the words ....................... 64

13: Frequencies of Phonological units of Aperture 2 having Non-Teeth point of Articulator in CVC, CCVC and CVCC words in the Initial and Final Positions of the words .... 65

14: Articulators in the Hierarchy of Mobility: Production of units of Ø Aperture (Stops) ... 74
Table 15: Articulators in the Hierarchy of Mobility:
Production of units of 1, 2 Aperture.
(Fricatives) ............................................ 76

16: Articulators in the Hierarchy of Mobility:
Production of Nasals .................................. 78

17: Articulators in the Hierarchy of Mobility:
Production of 3 Aperture units (Liquids) ...... 80

CHAPTER II:

Table 1: Potential and Actual Number of words ......... 97

Diagram 2: Initial Clusters in Terms of Direction of
Aperture Change ......................................... 106

Table 3: Final Clusters yielding unidirectional change
of Aperture in CVCC words ............................. 109

4: Final Clusters yielding Multidirectional
Change of Aperture in CVCC words ..................... 110

Diagram 5: Final Clusters in Terms of Direction of
Aperture Change ......................................... 112

6: Glottis as an Additional Articulator
(Voicing): In the Production of Stops in
CVC words .............................................. 119

7: Glottis as an Additional Articulator (Voicing)
In the Production of Fricatives in CVC words ... 121

8: Glottis an Additional Articulator
(Aspiration): In the Production of Stops in
CVC words ............................................... 123

9: Glottis as an Additional Articulator (Aspiration):
In the Production of Nasals in CVC
words ..................................................... 126

10: Glottis as an Additional Articulator
(Aspiration): In the Production of Liquids in
CVC words .............................................. 128
Table 11: Velum as an Additional Articulator (Nasality): In the Production of vowels in CVC words................................. 130

12: Apico-dental versus Apico-palatal stops in CVC words.................................. 136

13: Apico-palatal stops versus Apico-palatal Liquids (r) at the word final position in CVC words............................................. 143

14: Stable + Stable and Mobile + Mobile Combinations for final clusters in CVCC words.................................................. 147

15: Stable + Mobile and Mobile + Stable Combinations for Final clusters in CVCC words...................................................... 148

CHAPTER III:

Table 1: Voicing versus Voicelessness in word Initial and Final Position: Stops in CVC words....... 196

2: Voicing versus Voicelessness in word Initial and Final Position: Fricatives in CVC words. 200

3: Unaspirated versus Aspirated stops in word Initial and Final Position in CVC words..... 204

4: Oral versus Nasalized vowels in word Initial and Final Position: VC versus VC and CV versus CV in CVC words......................... 223

5: Apical and non-Apical articulators in the hierarchy of Mobility, and the Initial and Final position of the word: CVC stops........... 227

6: Apical and non-Apical articulators in the hierarchy of mobility, and the Initial and Final position of the word: CVC Fricatives. 229

7: Apical and Non-Apical articulators in the Hierarchy of mobility, and the Initial and Final Position of the word: CVC Nasals..... 231
Table 8: Apical and Non-Apical articulators in the Hierarchy of Mobility, and the Initial and Final Position of the word: CVC Liquids...... 233
9: Vocalic Phonological units of Standard Urdu.. 249
10: Vocalic Phonological units of Bhopal Urdu..... 250

CHAPTER IV:
Table 1: Labial versus non-Labial stops in the word Initial and Final Positions in CVC words..... 294
2: Labial versus Non-Labial Fricatives in the word Initial and Final Positions in CVC words.................. 297
3: Labial versus Non-Labial Nasals in the word Initial and Final Positions in CVC words..... 300

CHAPTER V:
Diagram 1: Spectra of F1, F2 with Exemplifying words of English vowels........................................ 306
