ACKNOWLEDGEMENT

I dedicate this study to God Almighty; “LORD GANESHA” whose grace, unconditional love and blessings accompanied me throughout the study and provided me with the inspiration, strength and courage that I needed to accomplish this thesis.

This efforts in my academic endeavor would not have been a reality but for the constructive and purposeful support, guidance and encouragement rendered by several people, whose help I specially recognize through this acknowledgement.

I would like to express my gratitude to my guide Dr (Mrs.) Prabha K. Dasila, for her direction and valuable suggestions and guidance for this study. All through the period of my study I learned from her that teaching is the greatest act of optimism, which she showed to me.

I express my deep grief for my Co-guide Dr. R. R. Shinde, Professor and H.O. D Dept.of Community Medicine, Seth. G. S. Medical College and K.E.M. Hospital, Mumbai -400012 Maharashtra, who left for heavenly abode on 22/12/2017 due to accidental fall and who through his constant encouragement, valuable guidance and sustained patience helped me to accomplish this thesis. All through the period of my study, I learned from both guide and co-guide that teaching is the greatest act of optimism, which they showed to me.
I extend my gratitude to Dr. G.D. Velhal Professor and H.O.D Dept. of Community Medicine, Seth. G.S. Medical College and K.E.M. Hospital, Mumbai -400012 Maharashtra, he readily accepted to be my Co-guide in place of Dr. R.R. Shinde and guided me which I would never learnt from textbooks.

I would like to sincerely acknowledge my gratitude towards Dr. Chander Puri, Pro Vice-Chancellor (Research), MGM Institute of Health Sciences, Navi Mumbai for his support and encouraging words in throughout the study. I also thank to all committee members of the, MGM Institute of Health Sciences, Navi Mumbai for their guidance which have been showered during the studyperiod.

I am indebted to my Departmental Head, the Executive Health Office of Public Health Department of M.C.G.M, Mumbai, Dr. Padmaja Keskar and all my Department members for the support and co-operation they extended, valuable suggestions they made and encouragement they offered me throughout the study.

I would like to thank Dr. Rani ShettyProfessor L.T. College of Nursing S.N.D.T. Women’s University for her valuable guidance which helped me to accomplish this thesis.

I am grateful to Institution Ethics committee members, to the Matrons, Deans, Head of the Departments & staff of K.E.M, B.Y.L. Nair, and L.T, M.G. Sion Hospitals for permitting me to carry out the research in their institutes and co-operation, they extended to make the research successful.
My sincere and whole-hearted thanks for the suggestions and criticisms given by them.

I would like to thank all the experts in the field of nursing education, management studies, nursing administration and academic experts for their valuable suggestions and validating the data collection instruments.

My sincere and whole hearted thanks to Mr. Pratap Jadhav Assistant Professor (Stat), Dept. of Community Medicine Seth G.S. Medical College, K.E.M. Hospital Parel Mumbai and Mr. Ashok Shettigar for their valuable guidance and support in the statistical analysis.

I would also like to extend special thanks to Dr. Sudha Subramaniam for proof reading of the manuscript.

I thank Mr. Babasaheb Mane for translating the study tools in Marathi and Hindi.

I especially thank all the participants who participated in the conducting of this study & whose co-operation alone has made it possible for me to carry out the study successfully. My gratitude goes to the staffs of the library of MGM Institute of Health Sciences for their assistance in collecting the related literature for this study. I extend my sincere thanks to all my friends, colleagues and well- wishers for their good wishes that they extended for this thesis I extend my whole hearted thanks to my beloved husband Dr. Dilip, my daughter Namita, Son in law Sandeep, and my son Dr. Amol for their timely support and encouragement. My heartfelt thanks to my colleagues from K.E.M., B.Y.L. Nair, and L.T.M.G. Sion Hospitals, and my departmental clerical staffs for their constant encouragement, patience and support that they have extended to me throughout the thesis without
which the dream of accomplishing this thesis could never have been realised.

Single man cannot build a house, my sincere gratitude to all who have
directly and indirectly contributed to my study.

Thank you, God, for all the blessings and abundance in my life.

Ms. Maya D. Vadgaonkar
