ACKNOWLEDGEMENTS

Accomplishment of a milestone for any person alone is extremely difficult. First and foremost, I wish to express my sincere gratitude and appreciation to my supervisor Dr. Shelja K. Juneja, Associate Professor, Department of Environmental Science, IIS (deemed to be University), Jaipur. Her invaluable guidance, continuous inspiration and enthusiasm coupled with an integral view on research have made a deep impression on me. She manages to strike the perfect balance between providing direction and encouraging independence.

I also wish to pay my humble gratitude to Prof. Pradeep Bhatnagar, Dean, Life Sciences, IIS (deemed to be University), Jaipur for his enlightening guidance, intelligent approach, constructive criticism and ever available help for solving the problems. He instructs me in the right direction and inspires to produce best out of me. His guidance has enabled me to achieve the determined target.

I would like to express my heartfelt gratitude to Dr. Ashok Gupta, Vice Chancellor, Dr. Raakhi Gupta, Rector & Registrar and Prof. K.S. Sharma, Advisor, IIS (deemed to be University), Jaipur for giving me this opportunity to pursue my research work.

I owe my profound gratitude and indebtedness to Dr. Charu Jhamaria, Mr. Ashish Tambi, Head of Department of Environmental Science, IIS (deemed to be University); Dr. Bhawana Arya, Associate Professor Department of Psychology, IIS (deemed to be University) and Dr. Shveta Parnami, Associate Professor, Department of Computer Science, IIS (deemed to be University), Jaipur, for their valuable suggestions to improve my research work. I am thankful to Mr. Jasvinder Singh, Office Assistant, IIS (deemed to be University); Mr. Mukesh Agarwal, Office Assistant, IIS (deemed to be University) and Mr. Navneet Kumar Jain, Office Assistant, IIS (deemed to be University) for their kind co-operation.

I am thankful to Mr. Abhishek and Mr. Anand from Morarka Foundation, Jaipur, India; Ms. Manisha Date from Soilink Waste Management, Pune,
Maharashtra, India; Mr. Suneet Dabke from Concept Biotech, Baroda, Gujarat, India; for providing necessary details and support.

I am thankful to Mr. Lal Chand for his help throughout my project work in University’s nursery. I am also thankful to Mr. Anil Kumar Nirmal, Director, Technopreneur, Mr. Vijay Chejara and Mr. Hanuman for their kind co-operation throughout my lab work.

A special bond of share with my friends & fellow researchers Dr. Sonal Jain, Dr. Ruchi Middha, Isha Yadav and Shweta Singh who were always there by my side helping me in all possible ways they could.

It is a pleasure to acknowledge the help I have received from each individual around me. I am particularly indebted to Dr. Vijay Kumar Sharma, Principal at Anand International College of Engineering, Jaipur and Mrs. Sunita Mantri, CMD, Enkay Enviro Services Private Limited, Jaipur. I also feel privileged to be surrounded by knowledgeable and friendly people, Narender Singh Rathore, Sarita Katnawal, Smriti Mathur, Neha Joshi, Alka Kataria, Neha Bhargava, Vipul Khandelwal, Vikrant Mahendran, Divyesh Giri Goswami, Alka Sharma, Kyati Gaur, Puran Singh and Ujjaini.

It was the blessings and good wishes of my Grandparents Mr. Udaibhan, Late Mrs. Prem Sharma, my parents Mr. Kuldeep Sharma (Father in Law), Mrs. Prabha Sharma (Mother in Law), Mr. Subhash Chand Shukla (Father), Mrs. Archana Sharma (Mother), Mr. Ajay Sharma (Uncle) and Mrs. Anita Sharma (Aunt) that I could attain academic heights by undergoing doctorate studies. It gives me pleasure to record my appreciation towards my sister Manika Shukla, Garima Sharma (Sister in law), my brother Shivam Shukla, Pravar Sharma (Brother in Law), Nitin Sharma (Brother in Law), Jayant Kaushik (Brother in Law) and my dear niece Kavya and Gaura for giving moral support in completing the research.

I would like to pay high regards to my husband Mr. Varun Sharma who responded with great zeal and enthusiasm, sparing his valuable time and giving
every possible co-operation through the course of this research work. Without him, I would have never had the patience to carry on this piece of research.

My daughter **Varnika**, missed her childhood activities. Her love and understanding encouraged me to finish my work quickly. I dedicate my thesis to her who actually sacrificed her time for me and was always there during the highs and lows of my research.

I thank them all and others who genuinely offered generous help. I appreciate everyone whom I have thanklessly missed to remember and have contributed towards completion of this work.

*Nitika Shukla*
