Acknowledgement

It is a great privilege to express my deep sense of gratitude and feelings of indebtedness to Dr. S. R. Kuchekar, my research guide for his able guidance, keen interest and constant encouragement. His immense insight, ever willing help, unfailing enthusiasm were the great source of inspiration.

I express my sincere thanks to Hon’ble, Padmabhushan Balasaheb Vikhepatil, Chairman, Pravara Rural Education Society, Pravaranagar and Hon’ble, Shri Radhakrishna Vikhepatil for providing the necessary facilities and their continuous encouragement.

I shall recall with affection the kind co-operation and valuable suggestions of Dr. H. R. Aher and Dr. S. J. Kokate who helped me in all respect through the useful discussion during my research work. My heartfelt and sincere thanks are due to Prof. M. A. Anuse and Dr. G. S. Kamble, Department of Chemistry, Shivaji University, Kolhapur for their fruitful discussion which led me to present my work. My special thanks to all my research colleagues for their co-operation during my experimental work in the laboratory.

It also gives me a great pleasure to place on my deep sense of gratitude to the teaching and nonteaching staff, Department of Chemistry, P. V. P. College, Pravaranagar for their co-operation. My sincere thanks and love goes to the members of my family for their moral support during this work.

Mr. Yogesh Somnath Shelar
