ACKNOWLEDGEMENT

I express my profound appreciations and deep sense of gratitude to my research Guide Dr. D.M. Mahajan, for his able guidance, support, encouragement, valuable suggestions, and inspiration for this research work. He has always taken very keen interest in all the research findings, provided invaluable, positive and constructive comments, repeated corrections of the draft thesis and guidance throughout the study, which helped me to improve the results to a great extent. I am very much grateful to him for his availability at all the time, whenever I needed his help.

I owe my honest appreciation to my Co-Guide Prof. Dr. T.D. Nikam, Department of Botany Savitribai Phule University of Pune for his guidance, supervision and keen interest during the entire research work. I am grateful to him for giving an opportunity as his student, critically analysing my research work and giving valuable comments. Despite his busy schedule he was always available to me. I mainly thanks to Dr. N.R. Karmalkar, Head, Department of Environmental Sciences, Savitribai Phule University of Pune, for his constant support and encouragement. I am also thankful to Dr. V.S. Ghole, Dr. Pravin Saptarshi and Dr. Nilima Rajurkar, Former Heads, for giving various permissions and valuable guidance for research and field work.

I acknowledge my sincere gratitude to Dr. Y.L.P. Rao, Conservator of Forest (Wildlife) Pune, for giving his time for discussions to finalize the topic and area of research, for giving time to time valuable suggestions in research findings and mainly for his recommendation to get permission of research work in protected areas of wildlife sanctuaries. My thanks are due to Forest and Wildlife Department, Government of Maharashtra for granting permission to carry out this research.

I would like to thank Prof. Dr. V.R. Gunale, Savitribai Phule Pune University, for solving various difficulties in research methodology and ecological basic concepts during the initial days of my research.

I am indebted to our Guru Dr. D.A. Patil, Principal and Professor, P.G. Department of Botany, S.S.V.P. Sanstha’s L.K. Dr. P.R. Ghogrey Science College Dhule for his constant inspiration and from whom I learn plant taxonomy in my postgraduate period of college life.

I acknowledge the support provided by all the teaching and non-teaching staff members especially to Sambhaji Holkar (Mama) of Department of Environmental Sciences during the entire duration of research.

I especially thanks to my colleague and friend Dr. Vilas Patil, Dr. B.N. Purandare Arts, Smt. S.G. Gupta Com. & Science College Lonavala, Pune, for his kind help during different stages of my research work. Thanking to my other colleagues also Prof. Dr. S.B.
Shisode, Nashik; Dr. V.P. Mali, Kada; Prof. S.A. Shaikh, Jamkhed; Prof. D.Z. Patil, Shahada; Prof. S.K. Shirath, Dhule; and particularly to Prof. Dr. Shekhar Khairnar, Songir who attended various conferences with me, shown interest in my research activities and plant identification.

My wholehearted thanks are to Dhananjay Satpute, Tambe Shivaraj, Prof. S.N. Gaikwad, Prof. P.D. Kshirsagar and also to my students of 2009-10 batch of 12\textsuperscript{th} Science who were always present with me and gave help and support for field work.

I am very much thankful to my research scholar friends Dr. Arvind B Patil, Prof. Mr. K.K. Bagdane, Dr. Sanjay Marale, Dr. Shital Kadam (Pokharkar), Dr. Pandurang Patil, Dr. Nisha, Dr. Sanjay Kale, Sandip Sir, Ravi Ranpise for their help at various stages of this work and especially to Mr. Ajay Kadam (for maps preparation).

I would like to thank Advocate Arjunrao Divekar (Bhau), Chairman, all committee members of Varvand Gram Shikshan Sanstha and the Principal for giving me permission and continual inspiration for research work. I am also grateful to Vice-Principal Shri. Gopinath Junior College, Varvand. My thanks are also due to all teaching and non-teaching staff members for giving inspiration for research work.

I am also grateful to Vice-Principal Shri. Gopinath Junior College, Varvand. My thanks are also due to all teaching and non-teaching staff members for giving inspiration for research work.

I am thankful to the former R.F.O. Shri Nale Sir to provide initial maps and valuable guidance and also thanks to all staff of Mayureshwar Wildlife Sanctuary as well as R.F.O. and staff of Rehekuri Blackbuck Sanctuary for necessary help they have provided to successfully carry out the field investigations.

Hearty thanks to my Father-in-Law Gulabrao B. Patil (Jadhav), Dajbhau Mama, my brother-in-law Dr. Ramakant Patil (Dhule), Rajendra Desale, and Manojkumar Sonawane for their constant encouragement and motivation throughout the research work, which was a very important motivating force to take and fulfil the challenges.

The ‘acknowledgement’ section is incomplete without acknowledging all the help, support and encouragement provided by my family members Mrs. Vandana Khairnar, my daughter Pranjal and son Pratik; and my brother Hiralal (Shana Aaba). I could not have completed the work without their co-operation and passionate support throughout the study.

Last but not least I am indebted to my father Annaso Late Shri Bhaurao Ragho Khairnar (Patil) for his blessings, motivation, guidance, encouragement to do better in life, financial, moral support and for giving ethical and ethnic knowledge about plants since from my childhood and up to initial days of my research. I also lost my Mother Nagenbai (Akka) before telling her the result of my success. Unfortunately both are no more in this world to experience the pleasure of my success. Unfortunately both are no more in this world to experience the pleasure of my success.
