ACKNOWLEDGEMENT

The guiding force for a systematic research study is the guidance and supervision given by teachers. Words are not enough to express my sincere gratitude, obligation and indebtedness to my research guide and supervising teacher Dr. M.S. Razeena Padmam, Professor and Director, School of Behavioural Sciences, Mahatma Gandhi University, for her expert guidance. It needs special mention that without her guidance, expert advice and support, this research work would not have materialized.

Also I express my sincere thanks and gratitude to Dr. Krishnaprasad Sreedhar, former Professor and Head of the Department of Psychology, Kerala University, who has designed the Guided Somato Psychic Relaxation, which is being used by several researchers and clinical psychologists and counselors. Without his permission I would not have been able to use such a good psychological tool for this study.

I am indebted to the Director, Regional Cancer Center Thiruvananthapuram, for permitting me to utilize the IEC materials of RESPO for preparing the Health Education Brochure, which was used as a tool. I am thankful to the Secretary, Health and Family Welfare Department, Kerala and the Director of Health Services, Kerala, Thiruvananthapuram for granting permission for undertaking this research study.
Also I express my sincere thanks to Dr. P. K. Jameela, former Superintendent of District Hospital Palakkad and Dr. Divakaran, Director, Institute of Palliative Care, Thrissur for the permission granted to conduct the study in those institutions.

I am obliged to Dr. Sujith, Physician, and Smt. Radhalakshmi, Staff Nurse, District Hospital Palakkad; Sri Unnithan, Clinical Psychologist, Palakkad and Smt. Beena Dharman, Counselor, Thrissur; the doctors, staff and Ms. Liji of Institute of Palliative Care, Thrissur for their whole hearted support given to me for conducting and completing this research study.

I express my deep gratitude and thanks to Dr. P.S. Sukumaran, Associate Professor of School of Behavioural Sciences, Mahatma Gandhi University and Dr. Manikandan, Head of the Department of Psychology, Calicut University for their advice and support for completing Statistical Analysis of this research study.

I express my sincere thanks to Dr. Sam Sanandaraj, Head of the Department of Psychology, Kerala University, Dr. Suhani, Dr. Alice P. Mathew, Dr. Mohandas, and Dr. Vinodkumar for permitting me to use the various tools used in this research work.

Also I am thankful to all the Faculty members, Librarian and staff of School Behavioural Sciences for their support.

The support given by Mr. Ranjith of Palakkad and Mr. Unni Minatek Computers, Athirampuzha, Kottayam for the data entry of this research work needs special mention. I express my sincere thanks for
his meticulous care and dedicated work in the data entry of this document.

The patients are the best text books of any medical professional. In spite of their sufferings the patients and their family members were very much cooperative for this research study. I am unable to express my thanks and gratitude in words to all those patients who have participated in this study. I pray to HIS ALMIGHTY to give them a speedy recovery.

It is my responsibility to express my deep sense of gratitude to my wife, daughter and son for their encouragement and continued support. I once again express my sincere gratitude and thanks to all my well wishers who have encouraged, motivated and supported me for conducting this research study.

Finally, with prayers I submit to HIS ALMIGHTY for the blessings to complete this work.

This research work is dedicated to the fond memory of my father and mother.

Dr. P. P. ARAVINDAN
