ACKNOWLEDGEMENT

This research study owes its completion to the sincere cooperation extended to me by many persons of competence.

The investigator is deeply indebted to Dr. M. K. Mathew, M. A., PhD., Professor and Head, Department of Psychology, K. E. College, Mannanam, Kottayam, Kerala for his guidance and supervision for the completion of this study. Without his support the author would not have been able to finish this work in time.

The investigator expresses his sincere gratitude to Dr. Razeena Padmam, Director, School of Behavioural Sciences, Mahatma Gandhi University for all the administrative and academic support extended to me for the accomplishment of this study.

The investigator expresses his sincere gratitude to Dr. John Rust, Dr. Susan Golumbok, Dr. Anisha Shah and Dr. Sushama for permitting to use their psychological tests for this study.

The investigator expresses his sincere gratitude to Dr. Manikandan, Associate Professor and Head, Department of Psychology, University of Calicut, Malappuram, and Dr. Thirupathi, Associate Professor, Kerala Agriculture University, Thrissur, for their statistical help.

The investigator thankfully remembers the timely support of librarians of Mahatma Gandhi University, Kottayam and National Institute of Mental Health and Neuro Sciences, Bangalore in the literature supply.

The investigator thankfully remembers management and staff members of the Mithr – Centre for Psychological Medicine and Research, Kundukad, Thrissur, Sacred Heart Hospital, Pyankulam, Thodupuzha, and Govt. Mental Health Centre, Thrissur for their cooperation in the data collection.

I am thankful to my family members for their earnest support and encouragement which made this study possible.

Jain Joseph
