ACKNOWLEDGEMENTS

It gives me great pleasure in expressing my gratitude to all those people who have supported me and had their contribution in making this thesis possible.

I wish to express my deep sense of gratitude to Prof. R.C. Sobti, Vice Chancellor B.B.A. University (A Central University), Lucknow for encouragement and blessings.

With all regards and deep indebtedness, I would like to express my deep sense of gratitude to my supervisor Dr. VINAY SINGH BAGHEL, Assistant Professor, Department of Environmental Microbiology, School of Environmental Sciences, B.B.A. University (A Central University), Lucknow for his guidance and his enduring support throughout the course of Ph.D. work. I would like to thank him for believing in me and trusting me to endeavour into the area of research. Without his encouragement and support all the time, I would have never been able to successfully complete my Ph.D. work.

My sincere thanks are also due to Prof. Ram Chandra, H.O.D., Department of Environmental Microbiology, BBAU, Lucknow for constant guidance and extending valuable support, wherever needed.

I owe my sincere thanks to Dean, SES, whose immense help, sound and meticulous suggestions have resulted in the fulfilment of my work to this extent.

I would also like to thank faculty member of BBAU, Lucknow, Dr. Naveen Kumar Arora, Dr. Rajesh Kumar, Dr. Jay Shankar Singh and Dr. Ram Naresh Bhargav for their insightful comments and encouragement.

I am also grateful to the Librarian of Babasaheb Bhimrao Ambedkar University Lucknow, U.P. for facilitating all the literature needed for the completion of my thesis.

On this gracious occasion, first and foremost I feel extremely blessed by the Almighty without whose guidance this challenge task could never have been accomplished. After a long journey of four and a half years of my research work, time has come to look back again and remember all those without whom this journey would have been impossible. Nothing come worthwhile in life without struggle and
these are the people who, in their own ways, have helped me to overcome the difficult situations. It is because of some special people that I have reached to a wonderful destination.

I am indebted to my husband Mr. Sanjeev Gautam for his constant encouragement and support to complete this task.

My sincere thanks are also due to my father, Mr. Hari Singh, my mother, Smt. Sheela Devi and my family members for their blessings, love, affection, and encouragement during the course my study.

I wish to convey my thanks to labmates, Vishvas Hare, Pratibha, Pragati Katiyar and Rupali Mishra for constant and cheerful support, sharing everything from lab for completing the objectives of the thesis. Thank you for being there for me through some of the most difficult times in my life. I will always remember and admire the time spend with you all, it will always conserve some lovely memories of my life forever.

I take this opportunity with great pleasure to express my deepest appreciation to all my colleagues during the entire duration of my research work.

My heartiest thanks to Mr. Dilip Kr. Chakraborty for typographical editing of the thesis meticulously and gave the final shape to this thesis by formatting it.

I am thankful to Babasaheb Bhimrao Ambedkar University, Lucknow for giving me an opportunity to work at this premier institute of the nation and providing the infrastructure and facility.

Last but not the least I wish to express my thanks to a few people whose name do not figure here but have assisted directly or indirectly in shaping up this thesis.
