ACKNOWLEDGEMENTS

I would like to take this opportunity to express my deep sense of gratitude and great indebtedness to Dr. G.K. Johri, Director, D.A-V. College, Kanpur for his constant and immutable encouragement, inspiration and able guidance during the present course of investigations. It is difficult to verbalize his father like affection, which he showered upon me during the period of my Ph.D. research work and cooperation throughout my research work with a motive to make me independent.

I feel grateful to my co-supervisor Dr. Manoj Johri, Lecturer, Physics department, D.A-V. College, Kanpur, who encouraged me by providing me useful suggestions and inspiration to carry out the present work. I am grateful to him for giving valuable guidelines with innovative ideas.

I wish to express my sincere thanks to our collaborator Prof. James A. Roberts, Department of Physics, University of North Texas, Denton, TX-76203, USA who allowed very kindly to Dr. Manoj Johri to take measurements by using microwave cavity spectrometer and providing me to analyze the scans. My sincere thanks are due to Prof. S.C. Mehrotra, Head, Department of Computer Science and Information Technology, Baba Saheb Ambedkar Marathwada University, Aurangabad, India to allow me very kindly to use his infrastructure facility of time domain reflectometer for measurements. Thanks are also due to Mr. B.R. Sharma, Research Associate of Prof. S.C. Mehrotra for his help during my visit to Physics department of Marathwada University, Aurangabad for taking measurements on time domain reflectometer.
I wish to express my deep sense of gratitude and gratefulness to Late Mrs. Manju Johri W/o Dr. G.K. Johri, whom we call “Aunty Ji” for her affection, blessings and encouragement during my present work. I pay my humble homage and pray to God to provide peace to departed soul on 5th Dec 2002.

I feel obliged to express my gratitude to my senior researchers Dr. S.K. Srivastava, Dr. R.P. Risheswar, Dr. R.C. Mishra, Dr. D.Saxena, Dr. S.K. Pathak, Dr. C.K. Srivastava, Dr. Nirupama Saxena, Dr. Deep Chandra Gupta, Dr. Pankaj Gupta, Dr. Manish Kapoor, Dr. Anurag Saxena. I am also thankful to Dr. D.C. Dwivedi, Dr. Sanjay Sharma and Mr. Sanjeev Johri for their active collaboration. I also wish to thank Mrs. Deepa Singh, Mr. Avinash Kumar, Mr. Kuldeep Srivatava and Mr. Akhilesh Tiwari with whom I had fruitful discussions. The research work of Late Dr. Sudhakar Gupta, the first research associate of our research group in D.A-V. College, Kanpur, has been guidelines in the present work and I acknowledge the same.

I am extremely grateful to all the faculty members of D.A-V. College (Dr. Virendra Swarup Center of Applied Science and Technology), S.F.C., Kanpur and especially to Sri S.K. Kapoor for his valuable suggestions during the completion of my work. Thanks are also due to Dr. Saumya Saxena of the department of Biochemistry for encouragement.

I owe every success to my parents Shri G. Sharma and Smt. Shyama Sharma who provided me a moral support, encouragement and inspiration during my Ph.D. work. Although it is not enough but I express my gratitude and best regards from the
core of my heart to them. I am also thankful to my younger brothers Brajesh and Mukesh and my sister Smt. Indu Sharma for their support and help during my work. My special thanks are due to all of my well wishers and friends in India and abroad for developing my aptitude for research.

Now, at last but not the least, I thank to the almighty God who gave me ability to prove myself and to show my caliber for new investigations and to pursue present research.

Date: 20th December 2002

(Rajesh Sharma)
