ACKNOWLEDGEMENT

It has been my proud privilege to have completed the work and submitted the thesis under the inspiring supervision and able guidance of Dr. Shyam Lal, M.Sc. (Gold Medalist), Ph.D., Assistant Professor of Mathematics, Department of Mathematics, Harcourt Butler Technological Institute, Kanpur - 208 002 (India), presently working as a Reader in the Department of Mathematics, University of Allahabad, Allahabad-211 002 (India). I take this opportunity of acknowledging my heart-felt indebtedness to him for the most valuable guidance, kind advice, sympathetic criticism and very generous encouragement he has throughout extended to me during my research career.

I take much pleasure in offering my respectful thanks to Prof. L. M. Tripathi, Ex - Professor and Head of the Department of Mathematics, Faculty of Science, Banaras Hindu University, Varanasi, for his kind discussions and able suggestions during my research work.

I offer my respectful thanks to Prof. T. Pati, Ex.- Professor and Head of the Department of Mathematics and Ex-Vice Chancellor of University of Allahabad, Allahabad-211 002, for his encouragement throughout my research career.

I give my sincere thanks to Shri Anil Kumar Shukla, Deputy Registrar (Academic), Harcourt Butler Technological Institute, Kanpur-208 002 for his kind academic help to complete this work.

I would like to express my heartiest thanks to Prof. A.P. Dwivedi and Dr. S. U. Siddiqui of the Department of Mathematics, Harcourt Butler Technological Institute, Kanpur-208 002 for their encouragement throughout my research career.
I would like to mention a sense of obedience, love and care provided by my father Shri K. S. Nigam, Retired Teacher Christ Church Inter college, Kanpur and my mother Smt. Shanti Nigam. My heart-felt thanks are due to my elder sisters and Km. Madhuri Nigam, Smt. Sunita Nigam and her husband Shri Rajesh Nigam for their complements and encouragement to complete this work.

I am also thankful to Mr. V. N. Tripathi, Km. Purnima Yadav, Km. Poonam Bajpai and Mr. H. S. Rastogi for their complements and encouragement to the present work.

In the last, but not the least, I am very much thankful to the members of Staff of the Central Library of Harcourt Butler Technological Institute, Kanpur (India), Central Library of Indian Institute of Technology, Kanpur (India) and Central Library of Indian Institute Technology, Delhi (India) for their courteous assistances. I am very much thankful to Mr. Prem Narayan Singh for devoting his sincere efforts in typing this thesis.

15 July, 2002

Hare Krishna Nigam
