ACKNOWLEDGEMENT

I am deeply indebted to my guide and former Director Dr. B. SANYAL for his very patient and fruitful guidance, advice and encouragement, that were so very essential for the successful completion of the present work. I am also indebted to Mrs. SANYAL for her hospitality and caring concern during consultation and discussions, I used to have with Dr. SANYAL in the conduct of the study.

I am thankful to Dr. V.P. TAYAL for helpful suggestions and guidance during the course of the study.

My thanks are also due to Dr. ASHOK KUMAR, Deptt of Physics, H.B.T.I. Kanpur for having taken keen interest in my work and having extended the use of the facilities available in the laboratory and suggestions and assistance provided from time to time during my stay of one year at H.B.T.I.

I am grateful to Dr. ARUNACHALAM, Scientific Advisor to Raksha Mantri for having allowed me study leave of one year, without which the present study would not have seen the light of the day.

I am obliged to Dr. KANDPAL of Defence Laboratory, Kanpur for having made the epoxy and polyester samples used by me in the present study.

I am also deeply obliged to my wife Dr. (Mrs) V.K. SINGH, but for whose incessant encouragement this study would never have been possible.

H.B.T.I. KANPUR

(D B SINGH)
