ACKNOWLEDGEMENT

It is indeed a pleasant moment for me while acknowledging my sincere gratitude to all the persons without whose cooperation, guidance and support, I would have not been able to present my thesis in the form it is being presented.

It is with a deep sense of gratitude that I express my indebtedness and reverence to Dr. A.K. Srivastava, Assistant Professor, Department of Chemistry, Harcourt Butler Technological Institute, Kanpur for his preserving guidance, patience, keen interest and encouragement throughout the course of this work which helped me in building my confidence and made it possible to complete this work.

My heartiest thanks are due to Prof. A.K. Vasishtha who had always been a constant source of inspiration for me and had always encouraged me for undertaking the work with zeal and devotion.

My sincere thanks are due to Prof. V.K. Jain, Director, Harcourt Butler Technological Institute, Kanpur for providing me the necessary research facilities of the department and the institute.

I thankfully acknowledge the moral support and cooperation extended to me by Prof. R.S. Tewari, Dr. P.C. Dwivedi, Dr. J.S.P. Rai, Dr. R.K. Khanna, Dr. D.K. Singh, Dr. S.K. Upadhyaya, Dr. A.K. Nagpal, Dr. Ashok Kumar, Dr. B.S. Rawat and Dr.(Ms.) P.A. Naqvi and the staff members of the chemistry department during the course of my research work.
I wish to express with gratitude my sincere thanks to Dr. D.K. Bhattacharya of Calcutta University for his encouragement and involvement in thought provoking discussions during my research work.

I am always thankful to my senior research workers, Dr. Prerna Shukla, Dr. Neeta Tewari, Dr. Sanjay Awasthi and Dr. Urvi Bhatnagar for their cooperation and also I acknowledge with thanks the splendid company and moral support given by Ms. Bharti Chaturvedi, Ms. Bharti Gaur, Mr. B.P. Agarwal, Ms. Nidhi Gupta, Mr. G.S. Mishra, Mr. S. Bhandari and all my research colleagues who have helped me in completion of this research work.

I am grateful to Dr. Amarika Singh and Mr. Nayab Ahmed for spectral and elemental analysis and to Mr. P.K. Paul for Scanning Electron Microscopic Analysis.

I would be failing in my duties if I do not acknowledge the moral support, love and affection given by Mrs. Rita Srivastava throughout the duration of my work.

Last but not the least, I would like to express the deepest sense of respect to my late parents who would have been extremely happy at this pleasant occasion and further wish to express my sincere feelings of gratitude to my family members for their affection, encouragement and best wishes which enabled me in taking my work with least of the problems.
