ACKNOWLEDGEMENTS

At the time of completion of my long desire in the form of submission of this thesis, it is my great privilege to extend my deep sense of gratitude to Dr. S. D. Pandey, Head, Department of Physics, P. P. N. College, Kanpur and Dr. V. Mishra, Reader, Department of Chemistry, Nehru College, Chhibramau for their great encouragement, scholarly guidance and painstaking expert supervision throughout the course of this work.

I am highly indebted to the authorities of R. K. College, SHAMLI for granting me academic leave under Faculty Improvement Programme. My friends and colleagues at that college left no stone unturned to keep me away from the routine worries of the college. It was all due to the dedications of Profs. D. V. Singh, D. P. Singh, D. R. Deorah, A. K. Sharma, K. K. Sharma, Y. P. Singh and R. P. Singh which made this work easy enough.

I don’t find adequate words to express my heart felt gratitude to my father, mother and other elders of my family whose blessing have been a boon to me in the form of this accomplishment.

Contd.
A lot of thanks is also due to Mrs. Pramod Kumari Jain, Mr. C. P. Jain, Mrs. Vimla Jain, Mr. Sukesh Jain, Mr. Rakesh Jain, Mrs. Prem Lata Jain, Mr. Rajeev Jain and Mrs. Neelmani Jain who have inspired me to go ahead and looked after my family in my absence.

I am also greatful to Prof. S. C. Tripathi, Prof. H. C. Tewari, Mr. Pradeep Kumar Kachhal, Dr. (Mrs.) Malti Mishra, Sri V. S. Pandey and Sri Alok Tripathi for their valuable suggestions in this connection.

My better half Mrs. Mamta Jain has always been a perennial source of inspiration in achieving fervelent goals of my life. Her invigoratory cooperation even at the time of most embassing circumstances, faciliated me in completing this job. Our lovely sons, Masters Himanshu and Mayank, the key of our pleasures, diserve all the appreciations for rescuring me many times from mental tensions by way of their naughty and childish activities.
