I acknowledge with gratitude the valuable advice and guidance of my respected supervisor and dear colleague, Dr. G.S. DUBE, who introduced me to the subject, suggested the problems and inspired me throughout my work done in connection with this thesis.

I also acknowledge the blessings of my respected teacher and Professor Dr. D.S. PANDEY, former Dean, faculty of Science, Kanpur University, Kanpur and the most revered supervisor of my supervisor Dr. G.S. DUBE.

I am also grateful to Dr. R.R. Dikshit, former Principal and Head, Dept. of Mathematics and all my colleagues of the Department of Mathematics, V.S.S.D. College, Kanpur especially Dr. R. Prasad for blessings, good wishes and all sort of help. I also feel obliged to my respected teacher, Prof. B.S. Bhargava for giving me valuable advice time to time.

I cannot express my indebtedness to my most revered mother Smt. VISHNU DEVI, whose blessings are the source of everlasting inspiration for me. I am also thankful to my wife Smt. Mithilesh Kumari, brothers Shri Ravindra Kumar Singh, Shri Virendra Kumar Singh, son Ch. Anil Kumar Singh, daughter Smt. Meena Singh and son-in-law Sri Ram Singh for inspiring me throughout this period of research work. Further I cannot forget my uncle Shri P.L. Verma, former
well reputed teacher in B.N.S.D. Inter College, Kanpur who gave me light to work hard throughout this period. In the end, I am also grateful to all my respected teachers who taught me in lower classes, friends and close relatives for their good wishes.
