ACKNOWLEDGEMENTS

I wish to express my deep sense of appreciation and gratitude to my supervisor Dr. A.P. Dwivedi, M.Sc., Ph.D., Assistant Professor of Mathematics, H.B.T.I., Kanpur, for his constant encouragement, valuable guidance and inspiring discussions throughout the inception, execution and completion of this thesis. He has been very kind and helpful to me throughout my research period.

I am thankful to Dr. P.N. Tandon, Head of Mathematics Department, H.B.T.I., Kanpur, who provided me all facilities in the department and cooperation throughout the research period.

I am also indebted to the authorities of H.B.T.I., and V.S.S.D. college, Kanpur, who provided me all facilities till the completion of my research work.

My sincere thanks are also due to Dr. P.S. Kushwaha, deptt. of mathematics, St. John's College, Agra,
who initiated the present work during his stay at I.I.T., Kanpur, and his interest till the completion of this project.

In the end, I must thank to Shri H.R. Verma and Miss Usha Saxena of H.B.T.I., Kanpur for typing the present thesis.
