ACKNOWLEDGEMENTS

I take this opportunity to express my deep sense of gratitude to Dr. S.K. Mishra, Department of Physics, D.B.S. College, Kanpur for suggesting the research problem and sagacious guidance during the course of this research work.

I express my indebtedness and sincere thanks to Dr. S.S. Kushwaha, Reader in Physics, Banaras Hindu University, Varanasi for constant encouragement, stimulating discussions and sustained interest throughout the phase of this work. In fact his nice behaviour and well informed ideas formed the core of inspiration to do level best.

I am also grateful to Dr. S. Chandra, Principal, Prof. S.K. Handa, Head, Department of Physics, D.B.S. College, Kanpur and Prof. K.K. Shukla of B.N.D. College, Kanpur for their inspirations and providing necessary facilities.

I have immensely profited from the learned discussions of my friends more prominent among them are Dr. S.P. Singh of Government College, Rishikesh, Dr. K.N. Awasthi, D.A.V. College, Kanpur, Dr. Y. Singh of Bihar University, Mr. A.K. Gupta of K.K. College, Etawah and Mr. R.K. Shukla, V.S.S.D. College, Kanpur.

I am also very much conscious of extending my warm thanks of appreciations to my various friends including departmental colleagues who have shown interest in this work. My special thanks go to Dr. B.L. Srivastava, Department of Mathematics and Mr. D.C. Dwivedi who have helped me a lot in my way towards completing the thesis.
I appreciate the sincere help received from Mr. K.S. Singh, Software Engineer, Computer Centre, I.I.T. Kanpur in the preparation of computer programmes.

I am affectionately very much grateful to my wife 'Jaya' and children 'Nitin' and 'Shelly' for their extraordinary patience which they have shown during all this period of their ordeal.

Last but in no way least, I should be failing in my duty if I did not thank Shri R.N. Srivastava of I.I.T. Kanpur for excellent typing of the thesis at such a short notice.
