ACKNOWLEDGEMENT

I feel pleasure to place on record my deep sense of gratitude and indebtedness to Dr. A.K. Srivastava, Professor & Head, Department of Chemistry, Harcourt Butler Technological Institute, Kanpur for his unreserved guidance and supervision throughout the course of this investigation, without which this study could never have been completed. He encouraged throughout the course of this work which helped me in building my confidence and made it possible to complete this work. In the true sense he introduced me to the field of "ylide" Polymer Chemistry.

A lot of my sincere thanks are due to Prof. V.K. Jain, Director, Harcourt Butler Technological Institute, Kanpur for his inestimable help, encouragement, suggestions to complete this monumental task and providing all necessary facilities.

I wish to thank for the moral support & cooperation extended to me by Dr. P.C. Dwivedi, Dr. J.S.P. Rai, Dr. A.K. Nagpal, Dr. R.K. Trivedi, Dr. B.S. Rawat, Dr. Rajesh Tripathi and Dr. Akhatar Ali and the Chemistry Departmental Staff for their much needed cooperation.

I am very much thankful to my collaborators Dr. Prerna Shukla, Dr. B.P. Agarwal, Dr. Manjit Anand, Dr. Nidhi Gupta and my all those friends who directly or indirectly helped me. Worthwhile mentionable names are Mr. Sumeet Trehan, Mr. K.C. Dwivedi and all my research colleagues who have helped me in this research work.
I also wish to thank Mrs. Rita Srivastava for her love and affection, moral support throughout the duration of my research work.

I am highly thankful to Dr. Shyam Singh, Asstt. Director, C.D.R.I., Lucknow and Dr. L.N. Mishra, Asstt. Director, C.I.M.A.P., Lucknow for their encouragement and involvement in throughout provoking discussions during my research work.

Let me take this opportunity to thank Mr. Nayab Ahmad for spectral and elemental analysis, Mr. P.K. Paul for scanning electron microscopic analysis, Mr. J.C. Verma for fine drawing and Mr. G. Agarwal for efficient typing of the manuscript.

Finally my acknowledgement shall remain incomplete if I do not express my sincere gratitude to my loving father Er. B.N. Mishra who inspite of his busy schedule remained in touch with my work and regularly inspired me about its progress. My hearest thanks to my respected mother Smt. Kusum Lata Mishra for her valuable cooperation which she extended to me and ultimately I could complete my research work. I am also indebted to my sisters Smt. Ragini Awasthi & Kamini Awasthi and my wife Smt. Jaya Mishra whose joy on the publication of this work will find no bounds, though not perhaps expressed with a few eloquent words in any language.
