ACKNOWLEDGEMENTS

I acknowledge my deep sense of gratitude and reverence to Dr. Indu Prakash, M.Sc., Ph.D., Head of the Department of Chemistry, P.P.N. Degree College, Kanpur University, Kanpur, for his consistent guidance, encouragement and for providing all possible laboratory facilities throughout the course of present investigation. I once again express my indebtedness to him for the pains he took in going through the manuscript and many stimulating discussions and helpful suggestions.

I am deeply grateful to Dr. Dharam Prakash, Sr. Geochemist, Directorate of Geology and Mining, U.P. Lucknow for kindly permitting me to conduct the spectrophotometric studies in his laboratories. I wish to thank the Director, C.D.R.I., Lucknow for providing facilities of IR spectral measurements and elemental analyses.

I am highly obliged to Dr. R.C. Agrawal, Reader, Department of Chemistry, B.H.U., Varanasi, for kindly providing the facilities and technical help for measuring the magnetic susceptibility of the complexes in his laboratories.

My sincere thanks are also due to Dr. S.D. Pandey, Head of the Physics Department, P.P.N. College, Kanpur, for kindly extending me facilities for recording decomposition temperature of complexes in his laboratories.

I owe a dept of thanks to my elder brother Dr. R.S. Shukla, Department of Botany, D.A.V. College, Kanpur, Sri D.P. Tiwari,
Health Department, Lucknow, Prof. P.S. Chandel, Department of Botany, Sri J.N. Degree College, Lucknow, Dr. K.N. Tiwari of Soil Chemistry Division, C.S. Azad University of Agriculture and Technology, Kanpur, who were a constant source of encouragement to me during my research work.

I am also thankful to specially Dr. R.N. Rai, S.P. Shukla, R.S. Chauhan, Suresh Chandra, S.K. Gupta, Shrikant Gupta, R.A. Thakur, B.K. Jain, S.K. Srivastav, L.P. Pandey, Vijai Pal Singh and all my other friends who have extended all possible help during the course of this investigation.

I must express my thanks to Principal, P.P.N. College, Kanpur for providing me laboratory facilities during investigation period.

My appreciation is due to Shri P.N. Shukla for tracing the diagrams of the thesis.
