ACKNOWLEDGEMENT

I am highly indebted to my supervisor Dr. I. C. Tiwari, Reader, Department of Chemistry, D. B. S. (P. G) College, Kanpur for not only guiding me but consciously putting a sincere effort towards providing a proper direction to my research work.

I wish to express my grateful thanks to Dr. K. K Srivastava, Reader, Department of Physics, D. B. S. (P. G) College, Kanpur for his valuable support and encouragement without which this uphill task would not have been accomplished.

I would like to acknowledge my deep sense of gratitude to Dr. S. K. Srivastava, Principal, and Dr. S. K. Mishra, Ex. Principal D. B. S. (P.G.) College Kanpur for his inspiration and providing necessary facilities.

I am also grateful to Head, Department of Chemistry, D. B. S. (P.G.) College Kanpur, for their soft words, continuous encouragement and moral support towards achieving academic excellence.

I am also thankful and emotionally indebted to Dr. Sushma Rani, Reader, Department of Chemistry, D. G. (P.G.) College Kanpur.

The thesis would not have assumed its form without all type of willing and ungrudging roles played by my parents Sri Kamlesh Kant Srivastava and Smt. Rekha Srivastava, and I am also affectionately very much grateful to my brother Mr. Rishi Kant, who has always motivated me to achieve high academic values. His inspiring words lifted my spirit on countless occasions.
