ACKNOWLEDGEMENT

I feel elated in expressing my deep indebtedness to my esteemed, learned and adroit supervisor Dr. Sheila Srivastava, Reader, Department of Chemistry, F.G. College, Rae Bareli for her proficient guidance, inspiration and keen interest throughout the progress of this research work. It was only due to her kind cooperation that this research work could take its present shape.

I must also express my obligations towards Dr. D.P. Pandey, Head of Department, F.G. College, Rae Bareli for providing me with all the necessary laboratory and research facilities.

I am also thankful to Prof. K.P. Tiwari, Head of Department, Allahabad University and Prof. Bharat Singh, Department of Chemistry, Allahabad University, for library facilities during the course of this research work.

No sufficient words are available to express my profound gratefulness to my parents Smt. and Sri. Santosh Kumar Srivastava and my in-laws Smt. and Sri. Tribhuwan Nath Srivastava whose inspiration, encouragement and blessings perpetuated me to do this research work. Besides my parents and in-laws, all other members of my family especially my husband Sri. Anurag Srivastava, my brothers Mr. Shitanshu and Himanshu, brother in-law Mr.
Ashutosh Srivastava and my sister in-law Smt. Sharad Srivastava who always encouraged me and gave moral support in completion of this research work. My gratitude to them knows no bounds.

I express my heartfelt thanks to all my friends and colleagues specially Ajaya Awasthi, Kuleena Singh, Hariom Tripathi and Rajendra Sharma who extended their helping hands in various ways in my research work.

At last, but not least, my gratitude are also due to all my well wishers whose names have inadvertently remained to come here. I express my sincere apologies to them.
