I express my sincere gratitude to my august supervisor Dr. S. Sathiyamorthy, Principal and Professor, Department of Electronics and Instrumentation Engineering, J.J.College of Engineering & Technology, Tiruchirappalli for his proficient and enthusiastic guidance, advice and encouragement, which were the constant sources of inspiration for the completion of this research work. I would like to express my deepest sense of gratitude and respect to Dr. M.A. Maluk Mohammed, Director & Correspondent, M.A.M College of Engineering & Technology for his continuous encouragement and support.

My deepest sense of gratitude to Dr. V. Mariappan, Principal, Agnel Institute of Technology, Goa for his source of inspiration to start the research and also the continuous encouragement. My sincere thanks to Dr. N. Sivakumaran, Professor, Department of Instrumentation & Control, National Institute of Technology, Tiruchrappalli for his valuable suggestions during the work. I thankfully appreciate and acknowledge my indebtedness to fellow research scholars Mr. B. Muruganantham, Mr. K.Manikandan for their cooperation, moral support and collection of materials during the work.

My special, sincere, heartfelt gratitude and indebtedness are due to my mother, father, mother-in-law, father-in-law, for their sincere prayers, constant encouragement and blessings. I am proud to dedicate this research work to my wife Mrs. A.Sheela Jayarani and my son & daughter R.Nishanth and R.Anulika, without whose encouragement and support, I would not have been able to complete the work in time. I owe a deep sense of gratitude to the All-pervading Spirit whose Divine Light provided me the perseverance, guidance, inspiration & faith and strength to carry on even when the going got tough.
