ACKNOWLEDGEMENTS

The author feel inspired to record her deep sense of gratitude and indebtedness to Dr. K.A. Prabhu, Ex.Professor Sugar Chemistry, National Sugar Institute, Kanpur, whose untiring efforts and sweet endeavours led the work incorporated in this thesis to completion.

The author is thankful to Prof. Ram Kumar, Director, and Prof. L.Vishwanathan, Professor Biochemistry, National Sugar Institute, Kanpur, for providing necessary laboratory facilities for carrying out the present research work.

The author would like to avail this opportunity to appreciate all elders of her family for their blessings, loving inspiration and encouragement throughout the period of the research work.

The author wishes to thank her seniors and colleagues for their excellent cooperation. Author is also thankful to the Ministry of Food, Government of India, for awarding a Junior Research Fellowship during the period of research.

The author expresses her sincere gratitude to her husband Shri Ashutosh Bajpai and Shri A.K. Agnihotri for valuable help and suggestions provided for the work.
