ACKNOWLEDGEMENT

Thoughts cease when I try to express my deep sense of indebtedness and gratitude to my esteemed supervisor Dr. R.K. Singh, B.Sc. (Hons.), Ph.D., M.I.Sc. (U.S.A.), F.I.C., Reader and Head, Department of Biochemistry, B.R.D. Medical College, Gorakhpur, (formerly Lecturer, Department of Biochemistry, G.S.V.M. Medical College, Kanpur), who with his affectionate guidance constantly encouraged me throughout during the course of study. His simple nature vanished all of my hesitations to disturb him, whenever I needed his guidance. During lean periods of this work his consolation and constant encouragement evoked my potential to overcome the difficulties, without which it was meaningless to presume the completion of this work in final shape.

Perhaps, it is my futile attempt of failing linguistic with a minutia of vocabulary to ponder my sentiments for my Prof. Dr. L.D. Joshi, M.Sc., Ph.D., Professor and Head, Department of Biochemistry, G.S.V.M. Medical College, Kanpur who always stood with me with his vast knowledge and experience to guide me at every step. He evoked an intrinsic interest for a constant effort with an elderly and affectionately attitude, without which it would have been a dream for me to complete this work.

It is my pleasant duty to express the depth of my gratitude an indebtedness to the kindself of Dr. S.C. Gupta, Principal, G.S.V.M. Medical College, Kanpur, who permitted me to carry out the study in this college.

I owe my indebtedness to Dr. R.S. Sharma, M.Sc., Ph.D., Lecturer, Department of Pharmacy, formerly Head of Department Pharmacy, G.S.V.M. Medical College, Kanpur, who gave me meaningful advises and whole hearted help to shot the permission for the study.
I am also thankful to Dr. M.C. Bindal, M.Pharm., Ph.D., Reader and Head, Department of Pharmacy, G.S.V.M. Medical College, Kanpur, who even with his short span of arrival in the department encouraged me in completing this work.

I will also remain indebted to Dr. S.R.S. Chandel, M.Sc.(Maths.), M.Sc.(Stat.), Ph.D., Retired Associate Professor, Department of Agriculture and Economics, C.S.A. University, Kanpur, whose untiring labour and help has made all statistical and computer analysis possible.

I am thankful to Dr. N.B. Singh, M.S., Reader, Department of Surgery, G.S.V.M. Medical College, Kanpur, and Dr. S.K. Singh, M.D.F.C.C.P. (U.S.A.) Reader, Department of Tuberculosis and Respiratory Diseases, G.S.V.M. Medical College, Kanpur and Dr. R.C. Verma, M.D., Medical Officer, E.S.I. Kanpur, who provided me the cases for the study.

My sincere thanks are also due to Dr. R.C. Singh, M.Sc., Ph.D., Dr. H.N. Pandey, M.Sc. Ph.D., Dr. S.K. Bansal, M.Sc., Ph.D., and Mrs. A. Bansal, M.Sc. for their constant help and co-operation. I am also thankful to Mr. Mukhtar Ahmad, Technician, Postgraduate Lab. in Biochemistry Department.

My thanks are also due to Sri J.P. Patel, Technician, C.R.S., G.S.V.M. Medical College, Kanpur, for giving technical assistance.

I must thank to all my friends and colleagues of Pharmacy Department for their kind co-operation and help at every stage of this study.

I also acknowledge the inspiration that I owe to my parents and to my wife Smt. Asha Singh without whose co-operation, it would not
have been possible for me to complete this study.

At last but not the least, I am thankful to Mr. V.K. Srivastva and M/S Arora Job Works, Nawabganj, Kanpur, for typing and compiling this manuscript neatly, flawlessly and efficiently.
