

## ACKNOWLEDGEMENTS

In the name of Allah, the most beneficent, the most merciful, who showers on me the necessary courage, vision, determination, and faith, and for making this dream come into reality.

Foremost, I would like to express my deepest gratitude to my dear supervisor Prof. Md. Rizwan Khan. I have enjoyed working with him ever since I joined my PhD course at Department of English at Aligarh Muslim University. He has always been a great resource of ideas and solutions; and his encouragement and support have made the difficult times during my thesis exploration less frustrating. I am also most grateful to him for helping me to overcome the language barrier as a non-native speaker of English. His understanding, patience, encouragement, and being a role model have been the most important factors in increasing my confidence and improving my skills in oral communication and technical writing.

I would like to thank Chairperson, Department of English at Aligarh Muslim University, Aligarh (India), for his encouraging gestures and extending all official support.

I would like to place on record the help and cooperation extended by Prof. Mahmood S. Khan and Prof. Akbar Hussain from Department of Psychology.

I am especially indebted to the foreign students at AMU who spared their valuable time to act respondents/subjects to the present study.

I would especially like to thank Dr. Bahman Kord for data processing and Statistical representation, and constant cooperation whenever needed. I have learned and benefited a lot from my long association with Dr. Bahman Kord.

I would also like to thank the Seminar-in-charge of Department of English, Khan Parwez Rafiq and the Librarian of Maulana Azad Library Dr. Nabi Hasan and his staff, for extending their valuable support.

A special thanks to my family. Even the words fail to express how grateful I am to my Father Mr. Yar Mohammad and my mother Mrs. Nazbibi, for being a constant source of Inspiration to me throughout my life. Your prayer for me was what sustained me this far.

Last but not the least, I would also like to thank all my close friends and family members who always encouraged and believed me to strive towards my goal.

**Ahmad Kord**
