ACKNOWLEDGEMENTS

I really feel privileged to have worked under the inspiring guidance, and untiring supervision of Dr. J.R. Sharma, Deputy Director and Head, Division of Genetics and Plant Breeding, Central Institute of Medicinal and Aromatic Plants, Lucknow-16. I am extremely indebted to him for being meticulous throughout and especially during the preparation of this manuscript.

Thanks are also due to Director, Central Institute of Medicinal and Aromatic Plants, Lucknow who awarded a Junior and Senior Research Fellowship, and provided all facilities to undertake this work. I am extremely grateful to Mr. Ram Chandra for skillful technical help with the experiment.

My cordial thanks and indebtedness are due to Drs. U.C. Lavania, N.K. Patra, S.P. Singh, H.O. Misra, R.K. Lal and S.P. Chauhan for their support and encouragement throughout the period of investigation.

My sincere thanks are also due to Drs. J.R. Bahal, N.K. Srivastava and Mr. A.A. Naqvi for their help in DNA estimation, physiological and chemical analyses. My thanks are also due to Mr. S.K. Sharma for help in statistical
analysis, and to Mrs. Indra Rautela for excellent line drawings.

I record my deep sense of gratitude to my parents, brothers, and wife who have been the constant source of inspiration and encouragement which enabled me to undertake this exercise.

Lastly, I cannot but appreciate the untiring efforts of Mr. Mohd. Ilyas Ansari for neat and tidy typing of manuscript to bring it in its present form.

Dated: September 25, 1990
